Documentation Updates

To check for recent updates or to verify that you are using the most recent edition of a document, go to: https://softwaresupport.hpe.com/.

This site requires that you register for an HPE Passport and to sign in. To register for an HPE Passport ID, click **Register** on the HPE Software Support site or click **Create an Account** on the HPE Passport login page.

You will also receive updated or new editions if you subscribe to the appropriate product support service. Contact your HPE sales representative for details.

Support

Visit the HPE Software Support site at: https://softwaresupport.hpe.com/.

Most of the support areas require that you register as an HPE Passport user and to sign in. Many also require a support contract. To register for an HPE Passport ID, click **Register** on the HPE Support site or click **Create an Account** on the HPE Passport login page.

To find more information about access levels, go to: https://softwaresupport.hpe.com/web/softwaresupport/access-levels.

HPE Software Solutions Now accesses the HPESW Solution and Integration Portal website. This site enables you to explore HPE Product Solutions to meet your business needs, includes a full list of Integrations between HPE Products, as well as a listing of ITIL Processes. The URL for this website is https://softwaresupport.hpe.com/km/KM01702731.

Contents

Release notes

This section provides information about the Premium edition of the Data Center Automation Classic 2017.05 release.

This release is a fresh compilation of products in its entirety to provide a complete data center automation experience. Therefore, there is no upgrade path from any previous version of the DCA Suite to 2017.05.

The following products comprise the DCA Classic Premium edition:

- Server Automation 10.60

- Operations Orchestration 10.70

- Database and Middleware Automation 10.50 Premium

- IT Operations Compliance 1.20

- Operations Bridge Reporter 10.10

For more information about the products and support matrix details, see the product-specific documentation on the HPE Software Support site.

Access to DCA Classic 2017.05 documentation

All DCA Classic 2017.05 documentation is available as individual documents on the HPE Software Support site. This site allows access to guides, release notes, support matrices, and white papers for all current and past releases. The HPE Software Support site requires an HPE Passport, which you can create once you access the site. After signing in, click the Search button and begin filtering documentation and knowledge documents using the filter panel.

Download the **Documentation Library** and to then download the rest of the DCA Classic2017.05 documents, click the **go** link.

Send documentation feedback

If you have comments about this document, you can contact the documentation team by email. If an email client is configured on this system, click the link above and an email window opens with the following information in the subject line:

Feedback on Release Notes (Data Center Automation Classic Premium 2017.05)

Just add your feedback to the email and click send.

If no email client is available, copy the information above to a new message in a web mail client, and send your feedback to hpedca-docs@hpe.com.

We appreciate your feedback!
