Redhat Enterprise Linux AS 4.0 x86 (SP3) (32 bit only)	32 bit only	32 bit only	☑	☑	☑	☑

Note concerning 32-bit versus 64-bit operating systems:
Please ensure that you install the correct RDBMS for your 32 or 64 bit OS.

Supported Web browsers   Microsoft Internet Explorer 6 or later
Mozilla Firefox 1.5 or later

Java Version   1.4.2_12 on HP-UX & 1.4.2_13 on all other platforms.

Supported RP versions   RP APR07

Note concerning Report Pack Version support:
Each report pack and datapipe on the Reporting and Network Solutions CD have individual version numbers. PI 5.2 supports those versions that are delivered on the Jan 07 and May 06 CDs. If the same version of a report pack or datapipe is available on an earlier CD, it is supported.

The following configurations are **not** supported:
HPUX Itanium
Windows 2003 Server 64bit Itanium(Enterprise/Datacenter)
Oracle 10g RAC
