

Additional License Authorizations

for HP Data Center Infrastructure Management Software

Product use authorizations

This document provides Additional License Authorizations for the following HP Data Center Infrastructure Management Software.

Definitions

Capitalized terms not otherwise defined in this Additional License Authorizations document are defined in the governing Agreement.

Term	Definition
<i>Aperture Symbol</i>	means a detailed, scaled drawing of a data center device or piece of equipment together with its associated technical specification. The scaled drawing depicts the device with a top down and elevation view. The associated specification data details the device dimensions and their relevant attributes together with electrical and other operational data.
<i>E-LTU and E-Media</i>	means products which are electronically delivered only, and as such any references to FOB Destination or delivery methods that are stated on Your purchase order other than electronic shall be null and void with respect to these E-LTU or E-Media products.
<i>LTU</i>	means License To Use.
<i>sqft or square feet</i>	means all data center space that is used for the housing and support of data center equipment from inside wall to shafts, etc.) are excluded from this measurement. The space calculation is inclusive of all areas used for racks, cabinets, free standing devices, access ways, and support equipment (air conditioning units, power distribution units, etc.)
<i>sqm or square meters</i>	means all data center space that is used for the housing and support of data center equipment from inside wall to opposite inside wall measured in square meters. This includes support pillars in this measurement but building core (elevators, stairways, shafts, etc.) are excluded from this measurement. The space calculation is inclusive of all areas used for racks, cabinets, free standing devices, access ways, and support equipment (air conditioning units, power distribution units, etc.)

Software specific license terms

For Software products with software specific license terms, these terms are described below. Software Products covered by this additional license authorization (as listed on the first page under Product use authorizations) and not covered in this section do not have software specific license terms.

HP Data Center Infrastructure Management

HP Data Center Infrastructure Management license includes an Aperture Symbols Subscription which provides customers with access to the Aperture VISTA Data Center Configuration Management Symbol Library. The library is made up of detailed, scaled drawings of data center devices and equipment with their associated technical specifications (from their respective vendors).
