

# Additional License Authorizations

For HP Service and Operations Bridge Center software products

The software described in this Additional License Authorization (“ALA”) is governed by the agreement set forth on the quote for the order referencing this software. The terms of this ALA shall govern delivery of the software and specifically take precedence over any different terms in such agreement to the extent of a conflict.

## Product use authorizations

This document provides Additional License Authorizations for the following software products in the Service and Operations Bridge Center of HP’s IT Performance Suite software:

Products	Suites
HP Service Health Optimizer	HP Service Intelligence Suite
HP Service Health Reporter	

*The HP Operations Manager i product is covered in the Additional License Authorizations document for HP Systems Management Center.*

## Definitions

Capitalized terms not otherwise defined in this Additional License Authorizations document are defined in the governing agreement.

Term	Definition
<i>Device or Dev</i>	means an addressable entity, physical or virtual, including but not limited to router, switch, bridge, hub, server, PC, laptops, handheld device or printer that resides within the range defined for interrogation and asset tracking.
<i>E-LTU and E-Media</i>	means products which are electronically delivered only, and as such any reference to FOB Destination or delivery methods that are stated on Licensee's purchase order other than electronic shall be null and void with respect to these E-LTU or E-Media products.
<i>Internal Use</i>	means access and Use of the software for purposes of supporting your internal operations or functions.
<i>LTU</i>	means License To Use.
<i>OM Node</i>	means a real or virtual computer system, or a device (for example printer, router or bridge) in a network.
<i>Suite</i>	means two or more software products combined into a single license offering. The specific software products included in a Suite are specified in the Software specific license terms below. Software products included in a Suite are governed by the individual authorizations and use restrictions associated with each software product.
<i>Use</i>	means to install, store, load, execute and display one copy of the software.

## Software specific license terms

## Additional license terms

### Term

- A. Software contains software and associated specifications licensed from third parties that are confidential to, and trade secrets of, such parties. You will not take any action other than to Use it as authorized under the agreement as part of the software products and will not disclose it to third parties.
  - B. You shall install and use the software as authorized in the applicable agreement only as a complete product and may not use portions of such software on a standalone basis separate from the complete software unless expressly authorized in the Supporting Material, specifications or an applicable agreement.
  - C. To the extent this restriction is not prohibited under applicable law, you shall not disclose to any third party the results of (i) any performance benchmarks you run on software products themselves, or any portion thereof, or (ii) specific detailed comparisons you make between software products, or any portion thereof, and any of your or third-party product, in each case under (i) and (ii) without the prior written consent of HP.
  - D. Unless stated otherwise, you are authorized to Use one Device at a time for your Internal Use.
