

Additional License Authorizations

For HP Service and Operations Bridge Center software products

The software described in this Additional License Authorization (“ALA”) is governed by the agreement set forth on the quote for the order referencing this software. The terms of this ALA shall govern delivery of the software and specifically take precedence over any different terms in such agreement to the extent of a conflict.

Product use authorizations

This document provides Additional License Authorizations for the following software products in the Service and Operations Bridge Center of HP’s IT Performance Suite software:

| Products | Suites |
|-----------------------------|-------------------------------|
| HP Service Health Optimizer | HP Service Intelligence Suite |
| HP Service Health Reporter | |

Definitions

Capitalized terms not otherwise defined in this Additional License Authorizations document are defined in the governing agreement.

| Term | Definition |
|--|---|
| <i>Device or Dev</i> | means an addressable entity, physical or virtual, including but not limited to router, switch, bridge, hub, server, PC, laptops, handheld device or printer that resides within the range defined for interrogation and asset tracking. |
| <i>E-LTU and E-Media</i> | means products which are electronically delivered only, and as such any reference to FOB Destination or delivery methods that are stated on Licensee’s purchase order other than electronic shall be null and void with respect to these E-LTU or E-Media products. |
| <i>Internal Use</i> | means access and Use of the software for purposes of supporting your internal operations or functions. |
| <i>LTU</i> | means License To Use. |
| <i>Operations Management Node or OM Node</i> | means a real or virtual computer system, or a device (for example printer, router or bridge) in a network. |
| <i>Service Health Node or SH Node</i> | means a real or virtual computer system, or a device (for example printer, router or bridge) in a network. |
| <i>Suite</i> | means two or more software products combined into a single license offering. The specific software products included in a Suite are specified in the Software specific license terms below. Software products included in a Suite are governed by the individual authorizations and use restrictions associated with each software product. |
| <i>Use</i> | means to install, store, load, execute and display one copy of the software. |

Software specific license terms

For software products with software specific license terms, these terms are described below. Software products covered by this additional license authorization (as listed on the first page under Product use authorizations) and not covered in this section do not have software specific license terms.

HP Service Health Optimizer

The HP Service Health Optimizer Software product is licensed by OM Node.

HP Service Health Reporter

The HP Service Health Reporter Software product is licensed by Service Health Node.

HP Service Health Reporter Software is available in the Standard Edition, which includes reporting and collection for System and Event Reports only, and in the Advanced Edition, which includes reporting, collection and customization included for all report packs that are available.

HP Service and Operations Bridge Center Suite offerings

| Suite | Offering includes |
|-------------------------------|--|
| HP Service Intelligence Suite | <ul style="list-style-type: none">1 HP Service Health Analyzer for 50 Operations Management Nodes1 HP Service Health Optimizer for 50 Operations Management Nodes1 HP Service Health Reporter Advanced for 50 Service Health Nodes |

To order additional Nodes for the HP Service Intelligence Suite, use the scalability SKUs for the individual products. It is not required to keep the scalability of all products at the same level.

Additional license terms

Term

- A. Unless stated otherwise, you are authorized to Use one Device at a time for your Internal Use.
