

Additional License Authorizations

For HP Project & Portfolio Management Center software products

The software described in this Additional License Authorization (“ALA”) is governed by the agreement set forth on the quote for the order referencing this software. The terms of this ALA shall govern delivery of the software and specifically take precedence over any different terms in such agreement to the extent of a conflict.

Product use authorizations

This document provides Additional License Authorizations for the following software products in the Project & Portfolio Management Center of HP’s IT Performance Suite software:

Products	Suites
HP Center Management for Quality Center	HP Center Management for Quality Center Entry Suite
HP Project & Portfolio Management	HP Project & Portfolio Management Portfolio Manager Suite
	HP Project & Portfolio Management Project Manager Suite
	HP Project & Portfolio Management Team Member Suite

Definitions

Capitalized terms not otherwise defined in this Additional License Authorizations document are defined in the governing agreement.

Term	Definition
<i>Bundle or Bdl</i>	means an offering which includes a Term LTU, Term Support and SaaS.
<i>Connector or Conn</i>	means an integration element to a certain software, format or function through use of the HP software product.
<i>Device or Dev</i>	means an addressable entity, physical or virtual, including but not limited to router, switch, bridge, hub, server, PC, laptops, handheld device or printer that resides within the range defined for interrogation and asset tracking.
<i>E-LTU and E-Media</i>	means products which are electronically delivered only, and as such any reference to FOB Destination or delivery methods that are stated on your purchase order other than electronic shall be null and void with respect to these E-LTU or E-Media products.
<i>Foundation</i>	means a single Instance of the core or primary components of a software application which enable its basic functionality, and without which the additional modules available for the application are unable to operate. Foundation software may be installed on one or multiple servers, depending on the specific architecture required to enable the functioning of the single Instance.
<i>Instance</i>	is defined as each implementation of the application installed on a server.
<i>Internal Use</i>	means access and Use of the software for purposes of supporting your internal operations or functions.
<i>LTU</i>	means License To Use
<i>Casual Named User or Csl Nmd User</i>	means a Named User that may occasionally access APIs, create and view requests, update only the requests the user created, view portals, and run/view reports.
<i>Power Named User</i>	means a Named User that may access APIs, create and view requests, update requests created by any Demand Management user, review the system portal and run/view reports.
<i>Named User or Nmd User</i>	means a specific individual authorized by You to access the Software regardless of whether they are actively using the Software.
<i>Occasional User</i>	means an user who logs into the SaaS Project and Portfolio Management Instance once a week or less.
<i>SaaS</i>	means Software as a Service which is a service which allows access to the Software, support and related professional services, as described in an order document, datasheet or a Statement of Work (SOW).
<i>Standard Users</i>	means those users who log into the SaaS Project and Portfolio Management Instance more than once a week.
<i>Suite</i>	means two or more Software products combined into a single license offering. The specific software products included in a Suite are specified in the Software Specific License Terms below. Software products included in a Suite are governed by the individual authorizations and use restrictions associated with each Software product.
<i>Term License to Use or Term LTU</i>	means a Software license to use (LTU) which indicates in its license description that the license is valid for a specific period of time such as One Month(1M) , One Year(1Y) etc. Term LTU's are not perpetual licenses.
<i>Term Support</i>	means a fixed period support offering that is only valid during the time period of the associated Term LTU.
<i>Use</i>	means to install, store, load, execute and display one copy of the software.

Software specific license terms

For software products with software specific license terms, these terms are described below. Software products covered by this additional license authorization (as listed on the first page under Product use authorizations) and not covered in this section do not have software specific license terms.

Additional license terms

Term

- A. Software contains software and associated specifications licensed from third parties that are confidential to, and trade secrets of, such parties. You will not take any action other than to Use it as authorized under the agreement as part of the software products and will not disclose it to third parties.
 - B. You shall install and use the Software as authorized in the applicable agreement only as a complete product and may not use portions of such software on a standalone basis separate from the complete software unless expressly authorized in the Supporting Material, specifications or an applicable agreement.
 - C. To the extent this restriction is not prohibited under applicable law, you shall not disclose to any third party the results of (i) any performance benchmarks you run on software products themselves, or any portion thereof, or (ii) specific detailed comparisons you make between software products, or any portion thereof, and any of your or third-party product, in each case under (i) and (ii) without the prior written consent of HP.
 - D. Unless stated otherwise, you are authorized to Use one Device at a time for your Internal Use.
