Documentation Updates

The title page of this document contains the following identifying information:

- Software Version number, which indicates the software version.
- Document Release Date, which changes each time the document is updated.
- Software Release Date, which indicates the release date of this version of the software.

To check for recent updates or to verify that you are using the most recent edition of a document, go to:

<http://h20230.www2.hp.com/selfsolve/manuals>

This site requires that you register for an HP Passport and sign in. To register for an HP Passport ID, go to:

<http://h20229.www2.hp.com/passport-registration.html>

Or click the **New users - please register** link on the HP Passport login page.

You will also receive updated or new editions if you subscribe to the appropriate product support service. Contact your HP sales representative for details.

Support

Visit the HP Software Support Online web site at:

<http://www.hp.com/go/hpsoftwaresupport>

This web site provides contact information and details about the products, services, and support that HP Software offers.

HP Software online support provides customer self-solve capabilities. It provides a fast and efficient way to access interactive technical support tools needed to manage your business. As a valued support customer, you can benefit by using the support web site to:

- Search for knowledge documents of interest
- Submit and track support cases and enhancement requests
- Download software patches
- Manage support contracts
- Look up HP support contacts
- Review information about available services
- Enter into discussions with other software customers
- Research and register for software training

Most of the support areas require that you register as an HP Passport user and sign in. Many also require a support contract. To register for an HP Passport ID, go to:

<http://h20229.www2.hp.com/passport-registration.html>

To find more information about access levels, go to:

http://h20230.www2.hp.com/new_access_levels.jsp

Disclaimer for PDF Version of Online Help

This document is a PDF version of the online help. This PDF file is provided so you can easily print multiple topics from the help information or read the online help in PDF format.

Note: Some topics do not convert properly to PDF, causing format problems. Some elements of online help are completely removed from the PDF version. Those problem topics can be successfully printed from within the online help.

Welcome to the Marketplace Portal!

Welcome to the Marketplace Portal—where you can order, track, and manage your IT services!

The Marketplace Portal is a self-service web interface that retrieves service offerings for IT applications from the Cloud Service Automation (CSA) server and displays them in an intuitive view. Authorized users can subscribe to service offerings, manage service subscriptions, and perform actions on service instances.

Service offerings in the Marketplace Portal can be filtered, sorted, and searched. This view grants users services configured in the administration area.

In the Marketplace Portal, the service offering workflow consists of:

Configuration ► Checkout and Delivery ► Request Confirmation

This workflow includes subscription requests, a scheduling process for service offering deployment, and a notification process for subscribers and approvers.

The Marketplace Portal provides a user interface that adapts and scales views to optimize the display within the available screen size.

For information about terminology used in the Marketplace Portal, see the glossary in the *Cloud Service Automation (CSA) Concepts Guide*.

For more information about the Marketplace Portal, CSA, and other HP products, visit the HP web site at www.hp.com.

["Get Started" below](#)

[" The Dashboard" on page 13](#)

Get Started

If you are new to the Marketplace Portal, start here!

- ["Prerequisites" on the facing page](#)
- ["User Interface Customization" on the facing page](#)
- ["Adaptive Content" on the facing page](#)
- ["Log In" on the facing page](#)
- ["Log Out" on page 11](#)

- ["Sidebar Menu" on the next page](#)
- ["Online Help " on page 13](#)

Prerequisites

To use the Marketplace Portal, review the following requirements:

- The Marketplace Portal uses https and runs on port 8089, which is the default.
- You must use a browser that supports the Marketplace Portal. A minimum screen resolution of 1024x768 is supported. As a best practice, HP recommends a screen resolution of 1280x1024. For information about supported browsers, see the HP Cloud Service Automation System and Software Support Matrix. Contact your CSA administrator for additional information.
- Use the following default Marketplace Portal URL: https://<CSA_HOST>:8089/org/<ORG_ID>

User Interface Customization

As an end user, you might want to see your organization's branding in the Marketplace Portal user interface.

To support your organization's branding styles and standards, your Cloud Service Automation (CSA) administrator can customize certain user interface elements in the Marketplace Portal, such as the portal icon, the portal title, the portal welcome message, and the portal footer message. Contact your CSA administrator to customize these user interface elements.

Adaptive Content

The Marketplace Portal user interface layout is designed to adapt to various screen sizes, where the content adjusts to the size, and where all functionality persists. As a service consumer, you can use the Marketplace Portal on your desktop, tablet, or other mobile devices. Across these device screens, the Marketplace Portal displays an intuitive user interface that includes all functionality.

Log In

To log in to the Marketplace Portal:

1. Open a browser window.
2. Enter the URL for the Marketplace Portal. The Cloud Service Automation (CSA) Marketplace Portal landing page displays.
3. Click **Log In**. The Marketplace Portal login page displays.
4. Enter your **Username** and **Password** to display the Marketplace Portal Dashboard.
 - If the login request token is invalid or has expired, you will see the following warning. You will then be returned to the landing page that is explained in step 2.

 The request token for this page is invalid. It may have already been used, or expired because it is too old. Please go back to the site or application that sent you here and try again.

- The Marketplace Portal supports single sign-on and multi-factor authentication, which might change the login experience that is based on your organization's settings. Contact your CSA administrator for additional information.
- For portal customization, security classification is configured in the Cloud Service Management Console. Contact your CSA administrator for more information.

Log Out

To log out of the Marketplace Portal:

- In the Marketplace Portal Dashboard, upper right corner, in the account username drop-down list, select **Log Out**.

Sidebar Menu

For quick and direct navigation to and from any view in the Marketplace Portal, use the Sidebar Menu. You can show or hide this menu in the views. By default, the Sidebar Menu is hidden.

Excluding the top selection in the menu (Dashboard), the navigation selections are the same as the widgets in the Dashboard.

To show the Sidebar Menu, in the upper left sub-heading, select the  icon.

To hide the Sidebar Menu, click Dashboard in the sub-heading.

Back Navigation

In any view in the Marketplace Portal, click the  icon in the sub-heading to go back to the previous view.

Search

In each Marketplace Portal view, use the Search filter  to locate a certain object by a text search. In individual views, you can search for text found in the following objects:

Object	Text
Browse Catalog	Names and descriptions of service offerings.
Notifications	Notification names and notification messages.
Review Requests	Names and descriptions of all approval requests, including requests that require approval, denied requests, and approved requests.
Requests	Names and descriptions that you assigned to subscription requests.
Subscriptions	Names and descriptions assigned to subscriptions, when the subscriptions were created.
My Services	Names and descriptions assigned to the service instances. This is the actual service behind a subscription—the realized service instance. This is the actionable part of the service in the subscription management.
New Releases	Names and descriptions assigned to new services in the catalog that were created within the last seven days in your organization.
Popular Services	Names and descriptions assigned to popular services in the catalog that your organization is currently promoting.
Featured Services	Names and descriptions assigned to services in the catalog that your organization is currently promoting. This is configured in the Cloud Service Management Console. Contact your CSA administrator for more information.
Services Expiring Soon	Names and descriptions assigned to services that will expire in 30 days.
(Status) Requests	Requests that have a certain status, such as Submitted, Pending, Rejected, Approved, In Progress, Completed, and Canceled.
(Status) Subscriptions	Subscriptions that have a certain status, such as Pending, Active, Expired, Canceled, Terminated, and Paused.

Object	Text
(Status) My Services	My Services that have a certain status, such as Online, Offline, Transitioning, Reserved, Deploying, Modifying, Modification Failed, Failed, Canceling, Cancellation Failed, Expiring, and Expiration Failed.

Online Help

You can access the online Help from any view in the Marketplace Portal.

Review the context-sensitive online Help for instructions on how to perform tasks, such as how to browse and filter the service catalog, how to request a subscription to a service offering, how to approve subscription requests, and how to run actions on service instances.

To access the online Help:

1. From any view, click [Need Help?](#) or, in the user  drop-down list, select **Help** to open the online Help .
2. In the left navigation pane, select the **Welcome** topic to expand the table of contents. Select sub-folders to further expand the table of contents.
3. Near the bottom of the left navigation pane, select  [Search](#) to look for topics by keyword. Within the topics found, the keyword displays in yellow highlights.
4. (Optional) Use your browser to save Favorites or Bookmarks for topics. In the left navigation pane, select **Favorites** to find or search your saved favorites or bookmarks.
5. (Optional) At the bottom of a topic, click the [Send documentation feedback to HP](#) link to help us improve the information you need!

∴ The Dashboard

The Dashboard is the hub of the Marketplace Portal. The look and feel of the Dashboard allows you to easily navigate within the portal.

From anywhere in the Marketplace Portal:

- Click the organization logo (upper left) to return to the Dashboard.
- Click the sidebar menu icon  to display a list of all navigation links within the Marketplace Portal.
- Click the shopping cart  to review the service offerings you added to your cart.
- Click the user name  to display a drop-down list of navigation options to open online Help or log out. You can also click the [Need Help?](#) link below the user name to open the online Help.

Layout

Information in the Dashboard is semantically organized by rows of widgets:

- ["Navigation Widgets" below](#)—In the first row, top-level widgets represent high-level navigation within the Marketplace Portal. The number in the upper right corner is the total count of the items for that widget.
- ["Information Widgets" on the next page](#)—In the second row, widgets represent navigation into statistical information within the Marketplace Portal.
- ["Custom Widgets" on page 16](#)—In the third row, widgets provide information that is specific to your organization. These widgets represent mashed up links that are configurable and customizable.

Navigation Widgets

The following top-level, row of blue widgets represent high-level navigation within the Marketplace Portal:

-  **Browse Catalog:** Search available service offerings in the catalog to help you decide which services you want to add. The number in the upper right corner is the total count of available service offerings.
-  **Notifications:** View a list of your subscriptions and requests that are active and expired, including the date and time they became active or expired. If you are an approver of requests, you receive notifications about requests that require your approval. The number in the upper right corner is the total count of notifications.
-  **Review Requests:** Approve requests for users you manage in your organization. The number in the upper right corner is the total count of requests. Requests for new subscriptions and for modifications to existing subscriptions might require your approval before they can be

deployed. If you are designated as an approver of requests, you are responsible for approving or denying requests made for a predetermined set of service offerings.

-  **Requests:** View a detailed list of all requests you submitted and their associations. The number in the upper right corner is the total number of requests for all statuses.
-  **Subscriptions:** Manage service contracts you requested and view a detailed change history. The number in the upper right corner is the total number of subscriptions for all statuses.
-  **My Services:** Access, monitor, and perform actions on services you own. The number in the upper right corner is the total number of services you own.

Information Widgets

The following, assorted colored widgets represent navigation into statistical information within the Marketplace Portal:

-  **New Releases:** View services that have been recently added to the service catalog within the last 30 days. If you want to change the default, contact your CSA administrator.
-  **Popular Services:** View services that are based on the number of subscriptions. These are typically service offerings that are popular with other members of your organization.
-  **Featured Services:** View services in the catalog that your organization is currently promoting. In the Management Console, during organization creation, any category can be set as a featured service. Service offerings published under that category are treated as featured service offerings and will be populated in Featured Services.
-  **Subscriptions Expiring Soon:** View a list of subscriptions that are scheduled to end 30 days after the subscription started.
- **(Status) Requests:** Show requests by a certain status, such as Submitted, Pending, Rejected, Approved, In Progress, Completed, and Canceled. The number in this widget represents the total number of requests for each status. The Pending approval status displays the total number of requests waiting for your approval only if you are an approver of requests. In this widget, select the previous  or next  arrows, or select a circle in the carousel to display requests by a certain status.
- **(Status) Subscriptions:** Show subscriptions by a certain status, such as Pending, Active, Expired, Canceled, Terminated, and Paused. The number in this widget represents the total number of subscriptions for each status. In this widget, select the previous  or next  arrows, or select a circle in the carousel to display subscriptions by a certain status.

- **(Status) Services:** Show My Services by a certain status, such as Online Services, Reserved Services, Deploying Services, Transitioning Services, Modifying Services, Modify Failed, Services, Failed Services, Offline Services, Canceling Services, Cancellation Failed Services, Expiring Services, Expiration Failed Services, and Public Action Failed Services. The number in this widget represents the total number of My Services for each status. In this widget, select the previous  or next  arrows, or select a circle in the carousel to display My Services by a certain status.

Custom Widgets

The following custom widgets are provided out-of-the-box in the Marketplace Portal Dashboard:

- **Featured Services:** At random, this widget displays one of the services offerings from the Featured Services category.
- **Custom Link:** This widget is a hyperlink to a URL customized for your organization by your CSA administrator.
- **Custom Content:** Pre-configured content will be visible in this widget, as specified for your organization by your CSA administrator. This content can include your own custom code (HTML, CSS, or JavaScript) or an iframe.

Service Catalog

The service catalog is located in the Browse Catalog widget in the Marketplace Portal Dashboard. Use this catalog to view service offerings that are available and to subscribe to service offerings you need.

Service Offerings

Offerings listed in the Browse Catalog view are derived from multiple catalogs. In this view, the name of the catalog from which the service offering originated is displayed.

Note: If the same service offering is available from more than one catalog, the cost of the service offering is the same, regardless of the catalog it came from. However, the requirement for management approval might be different.

Service offerings are presented in a unified view that is configured in Cloud Service Automation (CSA). This view also displays the total number of service offerings in the catalog.

You can view the service catalog by a list of offerings and by a grid of offerings. By default, the Browse Catalog view initially displays all available offerings in a list view, alphabetically.

 A list display that includes information about the service, such as the name of the service, the service icon, a brief description, the published date, pricing, and whether it requires approval.

 A grid display that includes the name of the service, the service icon, pricing, and indicates whether it requires approval.

In both types of displays:

- In the upper left part of the Browse Catalog view, the number in parenthesis is the total count of all available offerings.
- You can scroll down to browse all available services, search by keyword, and set filters to customize the display.

Browse the Service Catalog

In the Marketplace Portal, you can browse the service catalog in the Browse Catalog view by a list display or by a grid display.

 A list display that includes information about the service, such as the name of the service, the service icon, a brief description, the published date, pricing, and whether it requires approval.

 A grid display that includes the name of the service, the service icon, pricing, and indicates whether it requires approval.

To browse the service catalog:

1. In the Dashboard, select **Browse Catalog** to open the Browse Catalog view. By default, this view displays an alphabetical list  of all available services in the catalog. If you prefer a grid display, click the grid icon .
2. Scroll up or down the list to browse available offerings in the service catalog.
3. When you find a service offering that you are interested in, select its icon or name to display the Browse Catalog Details view.

Search the Service Catalog

In the Browse Catalog view, use the Search filter  to locate a certain service offering by a text search. Enter text that represents what you are looking for so that the user interface filters out these specific items.

To search the service offering catalog:

1. In the Search text box , enter text.
2. Press **Enter**.

[" Browse the Service Catalog" on the previous page](#)

["Filter the Service Catalog" on the next page](#)

Filter the Service Catalog

In the Marketplace Portal Browse Catalog view, you can change the order in which service offerings are displayed. By default, service offerings are sorted alphabetically, by all categories, and by all service types. Use the following filters to display certain service offerings:

- ["All Categories" below](#)
- ["All Service Types" below](#)
- ["Alphabetical" on the facing page](#)

All Categories

By default, service offerings are sorted by all categories. To meet the needs of your organization, category types are customizable.

The following, out-of-the-box, sample categories are provided: Application Servers, Application Services, Hardware, Infrastructure Services, Platform Services, Simple System, and Software.

Note: Excluding All Categories, these categories depend on the configuration of the current Cloud Service Automation (CSA) installation. Only categories with active service offerings will display. New categories can be added to the current CSA instance.

To sort the service catalog by a certain category:

- From the **All Categories** drop-down list, select a category that you want to sort by.

All Service Types

By default, service offerings are displayed by all service types. You can also display service offerings that require approval or that do not require approval.

To sort the service catalog by a certain service type:

- From the **All Service Types** drop-down list, select one of the following sort values:

Sort Value	Description
All Service Types	Includes all service types described in this table. This is the default.
Approval Required	Service offerings that require approval.
No Approval Required	Service offerings that do not require approval.

Alphabetical

By default, service offerings are sorted alphabetically. You can also sort offerings by newest, oldest, most expensive, least expensive, or reverse alphabetical.

To sort the service catalog by a certain order:

- From the drop-down list, select one of the following sort values:

Sort Value	Description
Newest First	The service offering that has the most recent published date.
Oldest First	The service offering that has the oldest published date.
Most Expensive	The service offering that has the highest initial price. The cost of the service offering that is used to sort this list excludes the periodic fee.
Least Expensive	The service offering that has the lowest initial price. The cost of the service offering that is used to sort this list excludes the periodic fee.
Alphabetical	Service offerings are sorted alphabetically, from A to Z. This is the default.
Reverse Alphabetical	Service offerings are listed by reverse alphabetical order, from Z to A.

Featured Services

From the Dashboard, you can view services in the catalog that your organization is currently promoting in the Featured Services widget.

Your CSA administrator can assign one of the categories as a Featured Services category in the service catalog. This is configured in the Cloud Service Management Console. Contact your CSA administrator for more information.

Note: During organization creation and configuration, any category can be set as a featured category in the Management Console. Service offerings published under that category are treated as featured service offerings and will be included in the Featured Services widget.

To view services that your organization is promoting:

1. In the Dashboard, select the  **Featured Services** widget to display a list of service offerings your organization is currently promoting.
2. In the Featured Services view, select a service offering to review its detailed information.

[" Featured Services" on page 21](#)

Service Offerings

There are three basic steps in the Marketplace Portal workflow:

1. Service offering configuration.
2. Service checkout and delivery.
3. Request confirmation.

Note: Service offerings are located in the **Browse Catalog** widget in the Marketplace Portal Dashboard.

Browse Catalog Details

In the Browse Catalog Details view, the following information about a selected service offering displays:

- The name of the service offering and its icon.
- A brief description of the service offering. This description is visible when you view all categories, except Featured Services.
- A service offering typically has two prices: the initial price of the subscription and the recurring fee of the subscription.
 - For example, a subscription with an initial price of \$1000 might also have a periodic fee of \$200 a month for the duration of the subscription.
 - If you change the options associated with the subscription (such as increasing the size of the hard drive or the amount of memory), the initial price, recurring fee, or both, change to reflect the additional costs.
 - The recurring fee can be hourly, daily, weekly, monthly or yearly (/yr).
 - The number format for pricing is based on your browser's locale.
- **Published on:** The date the service offering was published. The date format is based on your browser's locale. This date is visible when you view all categories, except Featured Services.

-  **Show More Details is On/Off:** This slider button allows you to hide or display information. The default is Off.
- **Options and Profiles:** This information includes the available option sets (if any) and the cost of the different options.
 - If you want to subscribe to the service offering you are viewing, configure your subscription request in this section. For example, if the service offering includes a server, the server might include options you select to configure the number of CPUs and the amount of RAM for the server.
 - For sequenced-based offerings, select options to configure your offering request.
 - For topology-based offerings, select profiles to make changes.
- **Total Initial Price:** The initial price of the subscription. The periodic fee of the subscription.
- **Total Recurring Price:** The periodic fee of the subscription.
-  Click **Add to Cart** when you want to place a single order for more than one item.
-  Click **Checkout** to open the Service Checkout view.
-  **Requires Approval:** Indicates whether your request for the service offering must be approved. When **Requires Approval** is displayed in the service offering description, it means that a subscription to the service offering requires management approval before it can be finalized. When you request a service offering that requires approval, the person who is the designated approver is automatically notified by email.

["Approved and Rejected Requests" on page 32](#)

[" Shopping Cart" below](#)

Shopping Cart

In the Marketplace Portal, you can browse for service offerings in the catalog and then add them to the shopping cart for a single checkout transaction. This transaction is recorded as one order confirmation number.

The total number of offerings (items) that you add to the shopping cart is displayed at the top of each view. All items are based on their service designs. Shopping cart contents persistent only for the current Marketplace Portal session. When you log out, the shopping cart will be emptied.

During the shopping cart checkout process, you can:

- **Add Subscription Names**—Enter meaningful, custom names for each item in your shopping cart. As a best practice, create names that easily identify them as services in your organization. If you do not want to customize the subscription names, accept the default subscription names.
- **Provide Order Information**—Configure the subscription period for all items in your shopping cart. Attach documents that provide more information for the approval process, such as a purchase order.

To complete a shopping cart checkout:

1. In the Dashboard, select Browse Catalog.
2. Select an offering, review its details, and then click **Add to Cart**.
3. (Optional) Click **Edit Configuration** to change information about an offering. Click **Update** to save your changes.
4. (Optional) Change the **Quantity** number. Click Update to save your changes.
5. (Optional) Click **Remove Item** if you want to remove this offering from your shopping cart. In the Remove Item dialog, click **Yes**.
6. Click **Continue Shopping** to browse the catalog and add more offerings to your shopping cart.
7. Click **Checkout** to display the Add Subscription Names view. Accept the default names or enter meaningful names for items in your shopping cart.
8. Click **Continue** to display the Provide Order Information view:
 - a. Accept the subscription period or make changes.
 - b. Attach documents that provide more information for the approval process.
 - c. Review the terms and conditions and then check the check box to confirm your agreement.
9. Click **Submit Cart**. The Shopping Cart Confirmation view displays detailed request information, including the total cost of all items in your cart and the order number. This order number also displays in the Requests view.

📄 Requests

A new request is created when you:

- Submit a request for a subscription to a service offering.
- Make a change to an existing service offering subscription.
- Request that a service offering subscription be canceled.
- Request a service instance action.
- Cancel an active request.
- Cancel an active subscription.

Before you create a request, be aware of the following approval requirements:

- Requests for new subscriptions and for modifications to existing subscriptions might require management approval.
- Requests for service instance actions and requests for the cancellation of subscriptions do not require approval.

Note: Depending on the approval policy for the service offering you are requesting, approval might be required from more than one approver.

To manage your requests, select the  **Requests** widget in the Marketplace Portal Dashboard to see a list of all requests submitted. By default, the list of Requests displays **All Request Types**, **Newest First**, and **All Request States**.

When you select the  **Requests** widget, the Requests view displays a scrollable list of your requests submitted, in the default Newest First list order. To customize your view, you can sort and filter the list of requests. You can also view only the requests for service offerings from a specific category by using the **All Request Types** drop-down filter.

The **Requests** widget also displays the total number of requests for each status. The Pending Approval Requests status displays the total number of requests waiting for your approval only if you are an approver of requests. In this widget, select a circle in the carousel to directly display a certain status of your requests.

In the **Requests** status widget, a carousel displays the current status of your requests, such as Pending Requests, Rejected Requests, Canceled Requests, Approved Requests, Submitted Requests, In Progress Requests, and Completed Requests.

In the **Requests** view, you can perform the following tasks:

- View detailed request information. In the Request Details view, you can perform actions, such as reorder a service.
- Cancel requests, one at a time or all at the same time. When you cancel requests all at the same time, only requests that are currently loaded in the Requests list view will be canceled.
- Delete requests, one at a time or all at the same time. When you delete requests all at the same time, only requests that are currently loaded in the Requests list view will be deleted.

Browse Requests

You can browse requests in the Requests view. In the Dashboard, in the Requests widget, select a status in the carousel to display a list of requests that have a certain status. If you are an approver of requests, you can click **Decision Pending** to display all the requests waiting for your approval.

To browse requests:

1. In the Dashboard, select the  **Requests** widget to open the Requests view.

By default, all requests are displayed in date order, with the newest request listed first.

Note: If you are an approver of requests, by default, all requests that require approval are displayed.

2. Scroll up or down the list to browse requests.
3. When you find a request that you are interested in, select its icon or name to display the Request Details view.

4. (Optional) If the request you are looking for is not displayed, select a status in the All States drop-down filter. A list of requests with the selected status is displayed.
5. (Optional) If the request you are looking for is not displayed, go back to the Dashboard and select a carousel status button in the **Requests** status widget. A list of requests with the selected status is displayed.

Filter Requests

By default, the Requests view displays all request types, the newest requests first, and all request states. Use the following filters to display certain requests:

- ["All Request Types" below](#)
- ["All Request States" on the next page](#)
- ["Newest First" on the next page](#)

Tip: In the Requests view, use the Search filter  to locate a certain request by keywords. Enter text that represents what you are looking for so that the user interface filters out these specific items.

All Request Types

From the **All Request Types** drop-down list, select one of the following filter values: All Request Types (default), Service Request, Modify Subscription, or Cancel Subscription.

All Request States

From the **All States** drop-down list, select one of the following filter values:

Request State	Description
All States	Includes all request states described in this table.
Pending	Requests that require approval.
Canceled	Requests that have been canceled.
Approved	Requests that have been approved.
Rejected	Requests that have been rejected.
Cancellable	Requests that can be canceled.
Deletable	Requests that can be deleted.

Newest First

From the **Newest First** drop-down list, select one of the following filter values:

Option	Description
Newest First	The most recent request, based on the date the request was submitted, is the first request in the list. This is the default.
Oldest First	The oldest request, based on the date the request was submitted, is the first request in the list.
Most Expensive	The most expensive request.
Least Expensive	The least expensive request.
Alphabetical	The list is ordered alphabetically, from A to Z.
Reverse Alphabetical	The list is ordered in reverse alphabetical order, from Z to A.

View Request Details

The Request Details view displays the following information about the request you selected:

- The image represents the service offering for which the request was created.
- The name of the subscription for which the request was created. If the request is for a modification to a subscription and the modification includes a change to the subscription name, this is the new name of the subscription.
- The initial price and the recurring price of the subscription.
- Below the name of the subscription is the name of the service offering.
- Below the name of the service offering is the status that indicates and whether it has been approved.

To view request details:

1. In the Dashboard, select the  **Requests** widget to open the Requests view.

By default, all requests are displayed by date order, with the newest requests listed first. This list includes subscription names.
2. Scroll up or down the list to browse requests.
3. When you find a request that you are interested in, select the name of the request to display the Request Details view. This view displays the service request name and a brief description, group ownership, the subscription term, attached documents, and a cost breakdown of configuration selections.
4. (Optional) If you want to delete this service request, select the trashcan icon .
5. (Optional) If you want to place another order for this service, click **Reorder Service**.

["Reorder a Service" below](#)

Reorder a Service

You can reorder the service offering that originated this request. The Request Details view will be populated with the values you provided for the initial request.

To reorder a service:

1. In the Dashboard, select the  **Requests** widget to open the Requests view.

By default, all requests are displayed by date order, with the newest requests listed first. This list includes subscription names.
2. Scroll up or down the list to browse requests.
3. When you find a request that you are interested in, select the name of the request to display the Request Details view. This view displays the service request name and a brief description, group ownership, the subscription term, attached documents, and a cost breakdown of configuration selections.
4. Click **Reorder Service** to open the Reorder Service view.
5. Click **Checkout** to open the Service Checkout view.
6. Enter a subscription name and description.
7. Specify the subscription period (recurring or term, and start and end dates).
8. (Optional) Click **Make Changes** to modify the option sets. The original option models persist unless you change them.
9. (Optional) Click **Attach File** to attach documents that provide more information for the approver, such as a purchase order.
10. Click **Submit Request**.
11. Wait for the Request Confirmation view to see the order details, including the request number. Your request is subject to an approval process before it can be fulfilled and delivered.

12. (Optional) In the Request Confirmation view, click **View Request** to open the Request Details view for detailed information.
13. (Optional) In the Request Confirmation view, click **Shop More** to open the Service Offerings view to continue shopping.
14. (Optional) In the Request Confirmation view, click **Reorder Service** to open the Service Offerings view and reorder again.

Approved and Rejected Requests

When your request for a new subscription or a modification to a subscription is approved or rejected, its status changes and other events occur as described in the following sections:

- ["When Your Request is Approved" below](#)
- ["When Your Request is Rejected" on the next page](#)

Tip: You might need to refresh the browser to see the status changes.

When Your Request is Approved

Within a short period of time after your request is approved, the following occurs:

- The status of the request changes in the **Requests** view:
 - If the start date is today or earlier, the status is changed to **Approved**.
 - If the start date is a future date, the status remains as **Pending** until the start date arrives, at which time the status changes to **Approved**.
 - When a request is automatically approved, it briefly has the status of **Pending**. The status then changes to **Approved**.
- A notification that indicates the status of your request is displayed in the Notifications view.
- An email message is sent to you with the new status of the request.
- The requested subscription is added to the **Subscriptions** view, with one of the following statuses:

- The status is **Active** if the start date is today or earlier, and the subscription has been deployed.
- The status is **Pending** if the subscription is waiting to be deployed or if the start date is in the future.

Note: If the request is for the modification of a subscription, the original subscription is replaced with the modified subscription in the **Subscriptions** view when the request for the modification is approved.

The subscription starts as follows:

- If the start date is today and the request is approved today (manually or automatically), the subscription starts within several minutes of the final approval.
- If the start date is today and the request is approved on a future date, the subscription starts within several minutes of the final approval.
- If the start date is a future date and the request is approved before the start date, the subscription starts several minutes after midnight on the start date.

When Your Request is Rejected

When your request is rejected, the following occurs:

- The status of the request changes to **Rejected** in the **Requests** view.
- A notification giving the status of your request is displayed on the dashboard.

["Delete a Request" on page 36](#)

Cancel a Request

You can cancel a request only if the status of the request is **Cancelable**.

In the Requests list view, you can:

- Cancel a single request, one at a time.
- Cancel all requests, all at the same time. This action cancels only the requests that are currently loaded in the Requests view.

Before you cancel a request, be aware of the following requirements and conditions:

- Requests must be canceled first before they can be deleted. Canceling a request might take some time to complete. Refresh the view several times until it does not show the requests as still being **Cancelable**.
- Cancelable and deletable requests cannot be concurrently acted on. Cancelable requests take precedence.

- When you cancel a request for a pending subscription modification, only the request for the modification is canceled. The subscription is not changed.
- If the request for a subscription has already been approved, you cannot cancel the request. However, you can cancel the subscription in the Subscriptions view.
- If you need to make a change to a request, you must first cancel the original request and then submit a new request with the correct configuration.

To cancel a single request in the list view:

1. In the Dashboard, select the  **Requests** widget to display the Requests view.
2. In the All Requests States filter, select **Cancelable Requests**.
3. In the Requests view, scroll up or down the list to find the request you want to cancel.
4. Click the cancel icon  next to the request you want to cancel.
5. In the confirmation dialog, click **Yes** to confirm that you want to cancel the selected request. A message displays, confirming that your selected request was canceled.

To cancel all requests in the list view:

1. In the Dashboard, select the  **Requests** widget to display the Requests view.
2. In the All Requests States filter, select **Cancelable Requests**.
3. Select **List Actions**.
4. In the List Actions dialog, click **Cancel All** to cancel all items that are visible in the list.
Caution: This action cannot be undone.
5. (Optional) If you decide you do not want to cancel all items, click the close icon  to close the List Actions dialog.
6. In the confirmation dialog, click **Yes** to confirm that you want to cancel all requests in the list. A message displays, confirming that all requests were canceled.

["Delete a Request" below](#)

Delete a Request

When you no longer need to maintain a record of a request, you can remove it from the Requests view. In the Requests view, the trashcan icon  indicates a deletable request.

Caution: When you delete a request, it will no longer be visible to you.

In the Requests list view, you can:

- Delete a request if it has been approved, denied, or canceled.
- Delete a single request, one at a time.
- Delete all requests, all at the same time.

Before you delete a request, be aware of the following requirements and conditions:

- Requests must be canceled first before they can be deleted.
- Deletable and cancelable requests cannot be concurrently acted on.
- Cancelable requests take precedence.

To delete a single request from the list view:

1. In the Dashboard, select the  **Requests** widget to display the Requests view.
2. In the All Requests States filter, select **Deletable Requests**.
3. In the Requests view, scroll up or down the list to find the request you want to delete.
4. Select the trashcan icon  for the request.
5. In the Delete Request dialog, click **Yes** to confirm that you want to delete the selected request.
6. (Optional) In the Delete Request dialog, click **No** if you decide you do not want to delete the selected request.
7. Go back to the Requests view to confirm that the request is excluded from the list.

To delete all requests from the list view:

1. In the Dashboard, select the  **Requests** widget to display the Requests view.
2. In the All States filter, select **Deletable Requests**.
3. Select **List Actions**.
4. In the List Actions dialog, click **Delete All** to delete all items that are visible in the list.
Caution: This action cannot be undone.
5. (Optional) If you decide you do not want to delete all requests, click the close icon  to close the List Actions dialog.
5. In the confirmation dialog, click **Yes** to confirm that you want to delete all requests in the list. A message displays, confirming that all requests were deleted.

Review Requests

Requests for new subscriptions and for modifications to existing subscriptions might require your approval before they can be deployed. If you are designated as an approver of requests, you are responsible for approving or denying requests made for a predetermined set of service offerings.

Note: More than one approver might be required to approve a request for a subscription to a service offering. This depends on the approval policy for the service offering.

As a service consumer (approver), select the  **Review Requests** widget to display the Approvals view. You must have valid approver credentials to access the Approvals view.

When a user submits a request for a new subscription or a modification to a subscription for which you are the approver, the following occurs:

- A request for your approval is added to the Approvals list as **Pending**. Select the **Review Requests** widget in the Dashboard to open the Approvals list view.
- You are sent an email message that notifies you that the request needs your approval.
- A notification indicating that a request needs your approval is displayed in the Notifications view. Select the Notifications widget in the Dashboard to open the Notifications list.

The status of the request changes, based on the action you take:

- If you approve the request, the status of the request changes to **Approved**.
- If you reject the request, the status of the request changes to **Rejected**.

Note: Requests for subscriptions to some service offerings might be automatically approved or denied after a certain number of days, if the approver has not approved or denied the request. This is based on the approval policy for the service offering and how it is configured for catalog publishing in the Management Console.

To manage your approvals, select the  **Review Requests** widget in the Dashboard to see a list of all approvals. By default, the list in the Approvals view displays **All Request Types**, **Newest First**, and **AllStates**.

In the **Approvals** view, you can perform the following tasks:

- View detailed approval information.
- Approve requests. Requests that require approval are marked **approval needed**.
- Deny requests.

View Approval Details

The Approval Details view displays the following information about the request order you selected, including a summary of checkout and configuration information you provide when the request is made.

- The request name, user, and date the request was made.
- The service request name and a brief description.
- The subscription term.
- Attached documents that provide the approver with more information.
- A cost breakdown of configuration selections.
- The image represents the service offering for which the request was created.

To view approval details:

1. In the Dashboard, select the  **Review Requests** tile to open the Approvals view.

By default, all requests are displayed by date, with the newest request listed first.

Note: If you are an approver of requests, by default, all requests that require approval are displayed.

2. Scroll up or down the list to browse for requests marked **approval needed** or select **Pending** in the **All States** drop-down filter.
3. When you find a request that you are interested in, select its icon or name to display the Approval Details view.

Approve a Request

You can approve a request from the list of pending requests. This list includes the following information about the request:

- Approval Status (This includes the personal approver status and the Overall Approval Status.)
- Requester Name
- Request Date
- Requested Action
- Initial and Recurring Prices

To approve a request:

1. In the Dashboard, select the  **Review Requests** tile to open the Approvals view. By default, all requests are displayed by date, with the newest request listed first. If you are an approver of requests, all requests that require approval are displayed.
2. Scroll up or down the list to browse for requests that show the approve icon .
3. Click the  icon to approve the selected request.
4. In the **Approve this request?** dialog, click **Yes**. This action will start the fulfillment process and generate a service subscription.

Note: The subscription you approved might not immediately show the status of Approved to the requester.

Approved Notifications

Dashboard: Select the **Notifications** tile to open the Notifications view and verify the new (**Approved**) status of the request.

Email: An email message that provides the new (**Approved**) status of the request is sent to the person who submitted the request.

Note: If multiple approvers are required, the notification and email message are not issued until

after the approval policy is satisfied.

Subscriptions

To manage your service offering subscriptions, select the  **Subscriptions** widget in the Marketplace Portal Dashboard. By default, the list of Subscriptions displays **All Categories**, **All Subscription States**, and **Newest First** .

When you select the  **Subscriptions** widget, the Subscriptions view lists your subscriptions for the last month. This is the default list order. To customize your view, you can sort and filter the list of subscriptions. You can also view only the subscriptions for service offerings from a specific category by using the **All Categories** drop-down filter.

The **Subscriptions** widget also displays the total number of subscriptions for each status.

In the **Subscriptions** status widget, a carousel displays the current status of your subscriptions, such as Online Subscriptions, Pending Subscriptions, Active Subscriptions, Expired Subscriptions, Canceled Subscriptions, Terminated Subscriptions, and Paused Subscriptions.

In the **Subscriptions** view, you can perform the following tasks:

- Check the state of your subscriptions.
- Set filters to find certain subscriptions. These filters display in the user interface only when your browser resolution is set to more than 992 pixels wide. If your browser resolution is set to 992 pixels or less, these filters do not display and only the Search box displays. This is known as adaptive content in the Marketplace Portal. See "Adaptive Content" in "[Get Started](#)" on page 9
- Monitor a list of subscriptions that are expiring soon.
- View detailed subscription information. In the Subscription Details view, you can run actions on your service instances and, if necessary, modify subscriptions.
-  Cancel subscriptions, one at a time or all at the same time. After you cancel a subscription, you can delete it from the catalog.
-  Delete subscriptions, one at a time or all at the same time. You must cancel a subscription before you can delete it.

Filter Subscriptions

By default, the Subscriptions view displays all categories, the newest subscriptions first, and all subscription states. Use the following filters to display certain subscriptions:

- ["All Categories" on the next page](#)
- ["All Subscription States" on the next page](#)
- ["Newest First" on the next page](#)

Note: These filters display in the user interface only when your browser is set to more than 992 pixels wide. If your browser is set to 992 pixels or less than 992 pixels wide, these filters do not display and only the Search filter  displays.

Tip: In the Subscriptions view, use the Search filter  to locate a certain subscription by keywords. Enter text that represents what you are looking for so that the user interface filters out these specific items.

All Categories

You can subscribe to a variety of services, such as application servers, email servers, or web hosting services. You can filter by these services, as categories, to easily navigate to and review your subscriptions.

All Subscription States

From the **All Subscription States** drop-down list, select one of the following filter values:

Subscription State	Description
All Subscription States	Includes all subscription states described in this table.
Active	Subscriptions that are active.
Pending	Subscriptions that are waiting to be approved.
Expired	Subscriptions that have expired.
Canceled	Subscriptions that have been canceled.
Terminated	Subscriptions that have been terminated.
Paused	Subscriptions that failed to deploy and have been paused for troubleshooting.

Newest First

From the **Newest First** drop-down list, select one of the following filter values:

Option	Description
Newest First	The most recent subscription, based on the date the subscription started, is the first subscription in the list. This is the default.
Oldest First	The oldest subscription, based on the date the subscription started, is the first subscription in the list.
Most Expensive	The most expensive subscription.
Least Expensive	The least expensive subscription.
Alphabetical	The list is ordered alphabetically, from A to Z.
Reverse Alphabetical	The list is ordered in reverse alphabetical order, from Z to A.

By default, all subscriptions are displayed by date order, with the newest subscriptions listed first.
2. Scroll up or down the list to browse subscriptions.
3. When you find a subscription that you want to modify, select the name of the subscription to display its Subscriptions Details view.
4. In the Subscription Details view, click **Modify Subscription** to open the Modify Subscription Details view.
5. In the Modify Subscription Details view, click **Modify Subscription** to open the Modify Subscription Details view. In this view, you can change the subscription name and description, group ownership, option parameters for service configuration, and the subscription period.
6. Click **Submit Subscription** to save your changes.
7. Wait for the confirmation view to see the order details, including the request number. Your request is subject to an approval process before it can be fulfilled and delivered.
8. (Optional) If you want to see the original service request, click **View Request** to see detailed information about the original request.

9. (Optional) In the confirmation view, click **View Request** to open the Request Details view for detailed information about the subscription you modified.
10. (Optional) In the confirmation view, click **Your Subscriptions** to open the Subscriptions view.
11. (Optional) In the confirmation view, click **Reorder Service** to open the Service Offering Details view for this subscription and place another order.
12. (Optional) You can also modify a subscription during the checkout process. See "[Reorder a Service](#)" on page 31.

Cancel a Subscription

Note: You can only cancel active subscriptions if its service instance has a status of Online, Reserved, Modification Failed, or Failed. You cannot cancel pending subscriptions.

In the Subscriptions list view, you can:

- Cancel a single subscription, one at a time, in the Subscription Details view and from the Subscriptions list view.
- Cancel all subscriptions, all at the same time, from the Subscriptions list view.

To cancel a subscription in the Subscription Details view:

1. In the Dashboard, select the  **Subscriptions** widget to display the Subscriptions view.
2. In the Subscriptions view, scroll up or down the list to find and select the subscription you want to cancel.
3. In the Subscription Details view, click **Cancel Subscription**.

4. In the Cancel Subscription dialog, click **Yes** to confirm that you want to cancel the subscription.
5. (Optional) In the Cancel Subscription dialog, click **No** if you decide you do not want to delete the subscription.

To cancel a single subscription in the Subscriptions list view:

1. In the Dashboard, select the  **Subscriptions** widget to display the Subscriptions view.
2. In the All Subscription States filter, select **Active**.
3. In the Subscriptions view, scroll up or down the list to find the subscription you want to cancel.
4. Click the cancel icon  next to the subscription you want to cancel.
5. In the confirmation dialog, click **Yes** to confirm that you want to cancel the selected subscription.
6. (Optional) In the confirmation dialog, click **No** if you decide you do not want to cancel the subscription.

To cancel all subscriptions in the Subscriptions list view:

1. In the Dashboard, select the  **Subscriptions** widget to display the Subscriptions view.
2. In the All Subscription States filter, select **Active**.
3. Select **List Actions**.
4. In the List Actions dialog, click **Cancel All** to cancel all active subscriptions that are visible in the list. **Caution:** This action cannot be undone.
5. (Optional) If you really do not want to cancel all subscriptions, click the close icon  to close the List Actions dialog.
6. In the confirmation dialog, click **Yes** to confirm that you want to cancel all subscriptions in the list. A message displays, confirming that all subscriptions were canceled.

Delete a Subscription

When you no longer need information about subscriptions that have expired, been canceled, or failed, you can remove them from the Subscriptions view. In the Subscriptions view, the trashcan icon  indicates a deletable subscription.

Caution: When you delete a subscription, it will no longer be visible to you.

In the Subscriptions list view, you can:

- Delete a single subscription, only if it has already been canceled, one at a time, in the Subscription Details view and in the Subscriptions list view.
- Delete all subscriptions, all at the same time, in the Subscriptions list view.

Before you delete a subscription, be aware of the following requirements and conditions:

- Subscriptions must be canceled first before they can be deleted.
- Deletable and cancelable subscriptions cannot be concurrently acted on.
- Cancelable subscriptions take precedence.

To delete a subscription in the Subscription Details view:

1. In the Dashboard, select the  **Subscriptions** widget to display the Subscriptions view.
2. In the Subscriptions view, scroll up or down the list to find and select the subscription you want to delete. The trashcan icon  indicates a deletable subscription.
3. In the Subscription Details view, click **Delete Subscription**.
4. In the Delete Subscription dialog, click **Yes** to confirm that you want to delete the subscription.
5. (Optional) In the Delete Subscription dialog, click **No** if you decide you do not want to delete the subscription.

To delete a single subscription in the Subscription Details view:

1. In the Dashboard, select the  **Subscriptions** widget to display the Subscriptions view.
2. In the All States filter, select **Canceled**.

3. In the Subscriptions view, scroll through the list to find the canceled subscription you want to delete.
4. Select the trashcan icon  for the subscription.
5. In the Delete Subscription dialog, click **Yes** to confirm that you want to delete the selected subscription.
6. (Optional) In the Delete Subscription dialog, click **No** if you decide you do not want to delete the selected subscription.
7. Go back to the Subscriptions view to confirm that the subscription is excluded from the list.

To delete all subscriptions from the list view:

1. In the Dashboard, select the  **Subscriptions** tile to display the Subscriptions view.
2. In the All States filter, select **Canceled**.
3. Select **List Actions**.
4. In the List Actions dialog, click **Delete All** to delete all subscriptions that are visible in the list.
Caution: This action cannot be undone.
5. (Optional) If you decide you do not want to delete all subscriptions, click the close icon  to close the List Actions dialog.
6. In the confirmation dialog, click **Yes** to confirm that you want to delete all subscriptions in the list. A message displays, confirming that all subscriptions were deleted.

My Services

When your subscription to a service offering is approved, a service instance is created. The service instance is composed of the service components that you customized when you created the subscription request. It might also include additional components, if they are included as part of the service offering.

To manage your services, select the **My Services**  widget in the Marketplace Portal Dashboard. By default, the list of My Services displays **All Categories**, **All Service States**, and **Newest First**.

Browse My Services

You can browse services in the My Services view. Use the **My Services** status widget to display a list of services that have a certain status, such as Online, Reserved, Deploying, Transitioning, Modifying, Modify Failed, Failed, Offline, Cancelling, Cancellation Failed, Expiring, Expiration Failed, and Public Action Failed.

To browse your services:

1. In the Dashboard, select the  **My Services** widget to open the My Services view.
By default, all services are displayed in date order, with the newest services listed first.
2. Scroll up or down the list to browse services.
3. When you find a service that you are interested in, select its icon or name to display the My Service Details view.
4. If the service you are looking for is not displayed, go back to the Dashboard and select a carousel status button in the **My Services** status widget. A list of services with the selected status is displayed.

Filter My Services

By default, the My Services view displays all categories, your newest services first, and all service states. Use the following filters to display certain services:

- ["All Categories" on the next page](#)
- ["All Service States" on the next page](#)
- ["Newest First" on page 56](#)

Tip: In the My Services view, use the Search filter  to locate a certain service by keywords. Enter text that represents what you are looking for so that the user interface filters out these specific items.

All Categories

You can subscribe to a variety of services, such as application servers, email servers, or web hosting services. You can filter by these services, as categories, to easily navigate to and review your subscriptions.

All Service States

From the **All States** drop-down list, select one of the following filter values.

Note: The following table describes the service instance statuses and their corresponding subscription statuses.

Service Instance Status	Description	Corresponding Subscription Status
Online	The service instance is active.	Active
Reserved	The service instance has not started because the start date for the subscription is in the future.	Pending
Deploying	The service instance is being deployed.	Pending
Transitioning	The service instance is being reserved for deployment.	Pending
Modifying	A service instance–affecting modification that was made to the subscription or a service-affecting action that was requested for the service instance has not been completed.	Pending (The subscription returns to the Active state after the modification is completed.)
Modify Failed	A service instance–affecting modification that was made to the subscription or a service-affecting action that was requested for the service instance failed.	Active
Failed	The service instance deployment failed.	Failed

Service Instance Status	Description	Corresponding Subscription Status
Offline	The service instance is no longer available because the subscription was canceled or expired.	Canceled or Expired
Canceling	The service instance is being canceled.	Pending
Cancellation Failed	The service instance cancellation has failed.	Active
Expiring	The service instance is expiring.	Pending
Expiration Failed	The service instance expiration has failed.	Active
Public Action Failed	The action could not be completed due to a software or hardware issue. Public actions (reboot, start, or stop) only apply if the subscription is Active.	Active (The service might not be available.)

Newest First

From the **Newest First** drop-down list, select one of the following filter values:

Option	Description
Newest First	Your most recent service, based on the date the subscription started, is the first service in the list. This is the default.
Oldest First	Your oldest service, based on the date the subscription started, is the first service in the list.
Most Expensive	Your most expensive service.
Least Expensive	Your least expensive service.
Alphabetical	The list is ordered alphabetically, from A to Z.
Reverse Alphabetical	The list is ordered in reverse alphabetical order, from Z to A.

View My Service Details

In the My Service Details view, you can see information about a service instance and request actions for a service instance.

Information displayed in the My Service Details view varies because it is based on the service offering to which you subscribed. This information might include the IP address, version, and uptime data for the service instance and component information, such as the number of registered and active users on an LDAP server and the date the LDAP server was last backed up, if your service instance includes an LDAP server.

You can execute actions on, or issue commands to, many of the components of a service instance. The actions you can execute on a service instance vary and are based on the service offering to which you subscribed. For example, if your subscription is for a server, you might be able to execute commands that start, stop, reboot, suspend, pause, unpause, and resume the server.

The My Service Details view provides information in the following sections:

Manage Subscription—This link redirects you to detailed information about the subscription, where you can request actions for a subscription.

Service Details—This section shows information about the offering that fulfills the service, such as the name of the service offering, the name of the service design, the expiration date and time, and the owner. You can also click **View Service Topology** to see the topology diagram.

Service Components—These are the individual services that compromise your overall service delivery. In this section, for a certain service component, select its corresponding settings icon  to request an action on a service, such as reboot, pause, resume, and so on.

To view service details:

1. In the Dashboard, select the  **My Services** widget to open the My Services view.
By default, all services are displayed in date order, with the newest services listed first.
2. Scroll up or down the list to browse services.
3. When you find a service that you are interested in, select its icon or name to display the My Service Details view.
4. (Optional) Click **Manage Subscription** to open the Subscriptions Details view for the service. See "[View Subscription Details](#)" on page 48
5. (Optional) Click **View Service Topology** to show a topology diagram of the service instance, including summary information.

6. In the Service Components section, for a certain service component, select its corresponding settings icon  to request an action on a service, such as Clone Pattern, Build Resource Provider List, and Log Messages.
7. In the Service Action dialog, click **Execute**. A service request will be filed and will be subject to approval. After it is approved, your service will show the action performed.
8. Wait for the Success dialog and then click **OK**.

Notifications

The **Notifications** widget provides an easy way to monitor your notifications. To manage your subscription notifications, select the  **Notifications** widget in the Marketplace Portal Dashboard. By default, the list of notifications displays **Newest First**.

Notifications are issued for the following reasons:

Notification Type	Description
Pending approval	If you are an approver of requests, a request needs your approval.
Request approved or rejected	A request you submitted has been approved or rejected. This notification is also created when a subscription request is automatically approved .
Subscription status change	The status of one of your subscriptions has changed: <ul style="list-style-type: none">• An approved subscription is now active.• A subscription was canceled.• A subscription has expired.• A subscription has failed.
Custom Notifications	A custom notification created by your system administrator.

In the Notifications view, notifications are displayed with the most recent notification at the top of the list.

Information in a notification includes:

- The reason for the notification.
- The name of the related service offering or subscription
- The date and time the notification was created.

When a subscription-related event occurs—such as when a request for a subscription is approved or canceled, or a subscription fails or expires—the user who requested the subscription is notified about the change of status. Users who approve requests are notified when subscriptions needing their approval are requested or modified.

Additional notifications can also be generated, depending on the offering you have subscribed to.
