TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition,

"Control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking

systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any

separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

END OF TERMS AND CONDITIONS

Actipro SyntaxEditor

END-USER LICENSE AGREEMENT FOR ACTIPRO SOFTWARE LLC SOFTWARE

IMPORTANT - READ CAREFULLY: This Actipro Software LLC ("Actipro") End-User License Agreement ("EULA") is a legal agreement between you ("Licensee"), a developer of software applications, and Actipro for the Actipro software product accompanying this EULA, which includes computer software and may include associated source code, media, printed materials, and "on-line" or electronic documentation ("SOFTWARE PRODUCT"). By installing, copying, or otherwise using the SOFTWARE PRODUCT, you agree to be bound by the terms of this EULA. If you do not agree to the terms of this EULA, do not install, use, distribute in any manner, or replicate in any manner, any part, file or portion of the SOFTWARE PRODUCT.

The SOFTWARE PRODUCT is protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties. The SOFTWARE PRODUCT is licensed, not sold.

The Licensee is considered to be an authorized licensee ("Authorized") if the Licensee has legitimately obtained a registered license for the SOFTWARE PRODUCT from Actipro or an authorized Actipro reseller.

RIGOROUS ENFORCEMENT OF INTELLECTUAL PROPERTY RIGHTS. If the licensed right of use for this SOFTWARE PRODUCT is purchased by the Licensee with any intent to reverse engineer, decompile, create derivative works, and the exploitation or unauthorized transfer of, any Actipro intellectual property and trade secrets, to include any exposed methods or source code where provided, no licensed right of use shall exist, and any products

created as a result shall be judged illegal by definition of all applicable law. Any sale or resale of intellectual property or created derivatives so obtained will be prosecuted to the fullest extent of all local, federal and international law.

GRANT OF LICENSE. This EULA, if legally executed as defined herein, licenses and so grants the Licensee the following rights:

Evaluation. If the downloaded SOFTWARE PRODUCT is designated as an Evaluation Release (“Evaluation Release”), the Licensee is granted a license for a period of only fifteen (15) days after installation of the Evaluation Release of the SOFTWARE PRODUCT (“Evaluation Period”). After the Evaluation Period, the Licensee must either:

1. Delete the SOFTWARE PRODUCT and all related files from ALL computers onto which it was installed or copied, or
2. Contact Actipro or one of its authorized resellers to purchase the SOFTWARE PRODUCT.

The Licensee may use the Evaluation Release of the SOFTWARE PRODUCT for evaluation purposes only. The Licensee may not distribute ANY of the files, in any form or manner, provided with the Evaluation Release of the SOFTWARE PRODUCT to ANY PARTIES.

Development. Actipro grants the Licensee the non-exclusive license to install and use multiple copies of the SOFTWARE PRODUCT or any prior version for the sole purpose of developing any number of end user applications that operate in conjunction with the SOFTWARE PRODUCT. If the Licensee is not Authorized, the Licensee may not use the SOFTWARE PRODUCT beyond the Evaluation Period.

If the Licensee has purchased a single developer license (“Single Developer License”), the Licensee is Authorized to use the SOFTWARE PRODUCT indefinitely beyond the Evaluation Period. A Single Developer License for the SOFTWARE PRODUCT may not be shared or used concurrently by more than one individual developer. In a project that uses the SOFTWARE PRODUCT, each individual developer on the project requires a separate Single Developer License, regardless of whether they directly use the component or not. Single Developer Licenses may also be obtained in team discount packs.

If the Licensee has purchased a site license (“Site License”), each of the developers at a single physical location is considered Authorized according to the terms and conditions of the Single Developer License. Each additional physical location requires an additional Site License to be considered Authorized.

If the Licensee has purchased an enterprise license (“Enterprise License”), all developers in the Licensee's organization, regardless of location, are considered Authorized according to the terms and conditions of the Single Developer License.

If the Licensee has purchased a blueprint license (“Blueprint License”), each of the Authorized developers for the SOFTWARE PRODUCT is considered Authorized to access source code for the SOFTWARE PRODUCT (“Source Code”). The Blueprint License must be purchased at the same time as a Site License or Enterprise License. Source Code may exclude Actipro proprietary licensing code. The sale of Blueprint Licenses is considered final and neither the SOFTWARE PRODUCT nor Source Code may be returned under any circumstances.

Duplication and Distribution. The SOFTWARE PRODUCT may include certain files (“Redistributables”) intended for distribution by the Licensee to the users of programs the Licensee creates. Redistributables include, for example, those files identified in printed or electronic documentation as redistributable files, or those files pre-selected for deployment by an install utility provided with the SOFTWARE PRODUCT (if any). In any event, the Redistributables for the SOFTWARE PRODUCT are only those files specifically designated as such by Actipro.

Subject to all of the terms and conditions in this EULA, if the Licensee is Authorized, Actipro grants the Licensee the non-exclusive, royalty-free license to duplicate the Redistributables and to distribute them solely in conjunction with software products developed by the Licensee that use them. The Licensee may not supply any means by which end users could incorporate the SOFTWARE PRODUCT or portions thereof into their own products.

Source Code. If the Licensee has purchased a Blueprint License and is Authorized, the Licensee is provided Source Code for the SOFTWARE PRODUCT. The following stipulations and restrictions apply to Source Code:

1. Source Code shall be considered as part the SOFTWARE PRODUCT and all requirements stated above still apply, meaning that developers at a separate site from the one which purchased the Blueprint License are NOT able to work on any project created that uses the Source Code, unless that site has also purchased a Blueprint License. The only exception is when an Enterprise License has been purchased along with the Blueprint License, in which case the Source Code may be used by developers at any site.
2. Actipro grants the Licensee the non-exclusive license to view and modify the Source Code for the sole purposes of education and troubleshooting. If the Licensee troubleshoots the Source Code, the Licensee may compile the corrected source code and use and distribute the resulting object code solely as a replacement for the corresponding Redistributables the Source Code compiles into.
3. The Licensee may NOT distribute or sell the Source Code, or portions or modifications or derivative works thereof, to any third party not Authorized by the Licensee's Blueprint License(s), without explicit permission by Actipro.
4. The Licensee may not compete against Actipro by repackaging, recompiling, or renaming the SOFTWARE PRODUCT for which the Licensee purchased Source Code. Any derivative works based on the Source Code are illegal to be created or sold if they compete in any way with the SOFTWARE PRODUCT or other Actipro products.
5. Any object code that is created by using the Source Code or derivative code based on the Source Code must be obfuscated.
6. Any object code that is created by using the Source Code or derivative code based on the Source Code may NOT bear "ActiproSoftware" or the name of the SOFTWARE PRODUCT in the object code assembly name.
7. All Source Code must be kept in its proper "ActiproSoftware" namespace.
8. Actipro shall retain all rights, title and interest in and to all corrections, modifications and derivative works of the Source Code created by the Licensee, including all copyrights subsisting therein, to the extent such corrections, modifications or derivative works contain copyrightable code or expression derived from the Source Code.
9. The Licensee acknowledges that the Source Code contains valuable and proprietary trade secrets of Actipro, and agrees to expend every effort to insure its confidentiality.
10. Source Code may be obtained by coordinating with Actipro during the support period for the Blueprint License, typically one year in duration, starting on the date of purchase of the Blueprint License.

Storage/Network Use. The Licensee may also store or install a copy of the SOFTWARE PRODUCT on a storage device, such as a network server, used only to install or run the SOFTWARE PRODUCT on the the Licensee's other computers over an internal network; however, the Licensee must acquire and dedicate a Single Developer License for each separate individual developer who wishes to use the SOFTWARE PRODUCT.

DESCRIPTION OF OTHER RIGHTS AND LIMITATIONS.

Not for Resale Software. If the SOFTWARE PRODUCT is labeled and provided as "Not for Resale" or "NFR", then, notwithstanding other sections of this EULA, the Licensee may not resell, distribute, or otherwise transfer for value or benefit in any manner, the SOFTWARE PRODUCT or any derivative work using the SOFTWARE PRODUCT. The Licensee may not transfer, rent, lease, lend, copy, modify, translate, sublicense, time-share or electronically transmit the SOFTWARE PRODUCT, media or documentation. This also applies to any and all intermediate files, source code, and compiled executables.

Limitations on Reverse Engineering, Decompilation, and Disassembly. The Licensee may not reverse engineer, decompile, create derivative works, modify, translate, or disassemble the SOFTWARE PRODUCT, and only to the extent that such activity is expressly permitted by applicable law notwithstanding this limitation. The Licensee agrees to take all reasonable, legal and appropriate measures to prohibit the illegal dissemination of the SOFTWARE PRODUCT or any of its constituent parts and redistributables to the fullest extent of all applicable local, US Codes and International Laws and Treaties regarding anti-circumvention, including but not limited to, the Geneva and Berne World Intellectual Property Organization (WIPO) Diplomatic Conferences.

Rental. The Licensee may not rent, lease, or lend the SOFTWARE PRODUCT.

Separation of Components, Their Constituent Parts and Redistributables. The SOFTWARE PRODUCT is licensed as a single product. The SOFTWARE PRODUCT and its constituent parts and any provided redistributables may not be reverse engineered, decompiled, disassembled, nor placed for distribution, sale, or resale as individual creations by the Licensee or any individual not expressly given such permission by Actipro. The provision of Source Code, if included with the SOFTWARE PRODUCT, does not constitute transfer of any legal rights to such code, and resale or distribution of all or any portion of all Source Code and intellectual property will be prosecuted to the fullest extent of all applicable local, federal and international laws. All Actipro libraries, Source Code, Redistributables and other files remain Actipro's exclusive property. The Licensee may not distribute any files, except those that Actipro has expressly designated as Redistributable.

Installation and Use. The license granted in this EULA for the Licensee to create his/her own compiled programs and distribute the Licensee's programs and the Redistributables (if any), is subject to all of the following conditions:

1. All copies of the programs the Licensee creates must bear a valid copyright notice, either their own or the Actipro copyright notice that appears on the SOFTWARE PRODUCT.
2. The Licensee may not remove or alter any Actipro copyright, trademark or other proprietary rights notice contained in any portion of Actipro libraries, source code, Redistributables or other files that bear such a notice.
3. Actipro provides no warranty at all to any person, and the Licensee will remain solely responsible to anyone receiving the Licensee's programs for support, service, upgrades, or technical or other assistance, and such recipients will have no right to contact Actipro for such services or assistance.
4. The Licensee will indemnify and hold Actipro, its related companies and its suppliers, harmless from and against any claims or liabilities arising out of the use, reproduction or distribution of the Licensee's programs.
5. The Licensee's programs containing the SOFTWARE PRODUCT must be written using a licensed, registered copy of the SOFTWARE PRODUCT.
6. The Licensee's programs must add primary and substantial functionality, and may not be merely a set or subset of any of the libraries, Source Code, Redistributables or other files of the SOFTWARE PRODUCT.

7. The Licensee may not use Actipro's or any of its suppliers' names, logos, or trademarks to market the Licensee's programs, unless expressly given such permission by Actipro.

Support Services. Actipro may provide the Licensee with support services related to the SOFTWARE PRODUCT ("Support Services"). Use of Support Services is governed by Actipro policies and programs described in the user manual, in on-line documentation and/or other Actipro provided materials. Any supplemental software code provided to the Licensee as part of the Support Services shall be considered part of the SOFTWARE PRODUCT and subject to the terms and conditions of this EULA. With respect to technical information the Licensee provides to Actipro as part of the Support Services, Actipro may use such information for its business purposes, including for product support and development.

Software Transfer. The Licensee may NOT permanently or temporarily transfer ANY of the Licensee's rights under this EULA to any individual or entity. Regardless of any modifications which the Licensee makes and regardless of how the Licensee might compile, link, and/or package the Licensee's programs, under no circumstances may the libraries, redistributables, and/or other files of the SOFTWARE PRODUCT (including any portions thereof) be used for developing programs by anyone other than the Licensee. Only the Licensee as the licensed end user has the right to use the libraries, redistributables, or other files of the SOFTWARE PRODUCT (or any portions thereof) for developing programs created with the SOFTWARE PRODUCT. In particular, the Licensee may not share copies of the Source Code or Redistributables with other co-developers.

Termination. Without prejudice to any other rights or remedies, Actipro will terminate this EULA upon the Licensee's failure to comply with all the terms and conditions of this EULA. In such event, the Licensee must destroy all copies of the SOFTWARE PRODUCT and all of its component parts including any related documentation, and must remove ANY and ALL use of such technology immediately from any applications using technology contained in the SOFTWARE PRODUCT developed by the Licensee, whether in native, altered or compiled state.

UPGRADES. If the SOFTWARE PRODUCT is labeled as an upgrade, the Licensee must be properly licensed to use the SOFTWARE PRODUCT identified by Actipro as being eligible for the upgrade in order to use the SOFTWARE PRODUCT. A SOFTWARE PRODUCT labeled as an upgrade replaces and/or supplements the SOFTWARE PRODUCT that formed the basis for the Licensee's eligibility for the upgrade, and together constitute a single SOFTWARE PRODUCT. The Licensee may use the resulting upgraded SOFTWARE PRODUCT only in accordance with all the terms of this EULA.

COPYRIGHT. All title and copyrights in and to the SOFTWARE PRODUCT (including but not limited to any images, demos, source code, intermediate files, packages, photographs, animations, video, audio, music, text, and "applets" incorporated into the SOFTWARE PRODUCT), the accompanying printed materials, and any copies of the SOFTWARE PRODUCT are owned by Actipro or its subsidiaries. The SOFTWARE PRODUCT is protected by copyright laws and international treaty provisions. Therefore, the Licensee must treat the SOFTWARE PRODUCT like any other copyrighted material except that the Licensee may install the SOFTWARE PRODUCT for use by the Licensee. The Licensee may not copy any printed materials accompanying the SOFTWARE PRODUCT.

GENERAL PROVISIONS. This EULA may only be modified in writing signed by the Licensee and an authorized officer of Actipro. If any provision of this EULA is found void or unenforceable, the remainder will remain valid and enforceable according to its terms.

MISCELLANEOUS. If the Licensee acquired this product in the United States, this EULA is governed by the laws of the State of Ohio.

If this SOFTWARE PRODUCT was acquired outside the United States, then the Licensee, agrees and ascends to the adherence to all applicable international treaties regarding copyright and intellectual property rights which shall also apply. In addition, the Licensee

agrees that any local law(s) to the benefit and protection of Actipro ownership of, and interest in, its intellectual property and right of recovery for damages thereto will also apply.

Should you have any questions concerning this EULA, or if you desire to contact Actipro for any reason, please contact us via our support web pages at <http://www.actiprosoftware.com>.

NO WARRANTIES. ACTIPRO EXPRESSLY DISCLAIMS ANY WARRANTY FOR THE SOFTWARE PRODUCT. THE PRODUCT AND ANY RELATED DOCUMENTATION IS PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NONINFRINGEMENT. THE ENTIRE RISK ARISING OUT OF USE OR PERFORMANCE OF THE PRODUCT REMAINS WITH THE LICENSEE.

LIMITATION OF LIABILITY. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL ACTIPRO OR ITS SUPPLIERS BE LIABLE FOR ANY SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES WHATSOEVER (INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF BUSINESS PROFITS, BUSINESS INTERRUPTION, LOSS OF BUSINESS INFORMATION, OR ANY OTHER PECUNIARY LOSS) ARISING OUT OF THE USE OF OR INABILITY TO USE THE SOFTWARE PRODUCT OR THE PROVISION OF OR FAILURE TO PROVIDE SUPPORT SERVICES, EVEN IF ACTIPRO HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

2. This EULA is a Legally Binding Agreement Between You and C1. If you are acting as an agent of a company or another legal person, such as an officer or other employee acting for your employer, then "you" and "your" mean your principal, the entity or other legal person for whom you are acting. However, importantly, even if you are acting as an agent for another, you may still be personally liable for violation of federal and State laws, such as copyright infringement.

By signifying your acceptance of the terms of this EULA, you intend to be, and hereby are, legally bound to this EULA to the same extent as if C1 and you physically signed this EULA. By installing, copying, or otherwise using the SOFTWARE, you agree to be bound by all the terms and conditions of this EULA. If you do not agree to all of such terms and conditions, you may not install or use the SOFTWARE. If you do not agree with any of the terms herewith and, for whatever reason, installation has begun or has been completed, you should cancel installation or un-install the SOFTWARE, as the case may be. Furthermore, you should promptly return the SOFTWARE to the place of business from which you obtained it in accordance with any return policies of such place of business. Return policies may vary among resellers; therefore you must comply with the return policies of your supplier as you agreed at the point of purchase. If the place of business from which you purchased the SOFTWARE does not honor a full refund for a period of thirty (30) days from the date of purchase, you may then return the SOFTWARE directly to C1 for a refund provided that such returns is authorized within the same thirty (30) days time period. To return the product directly to C1, you must first obtain a Return Authorization Number by contacting

C1, and you must forward to C1 all items purchased, including the proof of purchase. The return must be postage-prepaid, and post-marked within thirty (30) days from the proof of purchase, time being of the essence. The return option to C1 is only available to the original purchaser of an unopened factory packaged item.

II. YOUR LICENSE TO DEVELOP AND TO DISTRIBUTE.

As provided in more detail below, this EULA grants you two licenses: 1) a license to use the SOFTWARE to develop other software products (the "Development License"); and 2) a license to use and/or distribute the Developed Software (the "Distribution License"). These licenses (individually and collectively, the "Licenses") are explained and defined in more detail below.

1. Definitions. The following terms have the respective meanings as used in this EULA:

"Network Server" means a computer with one or more computer central processing units (CPU's) that operates for the purpose of serving other computers logically or physically connected to it, including, but not limited to, other computers connected to it on an internal network, intranet or the Internet.

"Web Server" means a type of Network Server that serves other computers which, are specifically connected to it through either an intranet or the Internet.

"Developed Software" means those computer software products that are developed by or through the use of the SOFTWARE.

"Developed Web Server Software" means those Developed Software products that reside logically or physically on at least one Web Server and are operated (meaning the computer software instruction set is carried out) by the Web Server's central processing unit(s) (CPU).

"Redistributable Files" means the SOFTWARE files or other portions of the SOFTWARE that are provided by C1 and are identified as such in the Documentation for distribution by you with the Developed Software.

"Developer" means a human being or any other automated device using the SOFTWARE in accordance with the terms and conditions of this EULA.

"Developer Seat License" means that each Developer using or otherwise accessing the programmatic interface or the SOFTWARE must obtain the right to do so by purchasing a separate End User License.

"Source Code" shall mean computer software code or programs in human readable format, such as a printed listing of such a program written in a high-level computer language. The term "Source Code" includes, but is not limited to, documents and materials in support of the development effort of the SOFTWARE, such as flow charts, pseudo code and program notes.

2. Your Development License. You are hereby granted a limited, royalty-free, non-exclusive right to use the SOFTWARE to design, develop, and test Developed Software, on the express condition that, and only for so long as, you fully comply with all terms and conditions of this EULA.

The SOFTWARE is licensed to you on a Developer Seat License basis.

Developer Seat License basis means that you may perform an installation of the SOFTWARE for use in designing, testing and creating Developed Software by a single Developer on one or more computers, each with a single set of input devices, so long as 1) such computer/computers is/are used only by one single Developer at any given time and not concurrently and, 2) the user is the primary User to whom the license has been granted. Conversely, you may not install or use the SOFTWARE on a computer that is a network server or a computer at which the SOFTWARE is used by more than one Developer. You may not network the SOFTWARE or any component part of it, where it is or may be used by more than one Developer unless you purchase an additional Development License for each Developer. You must purchase another separate license to the SOFTWARE in order to add

additional developer seats, whether the additional developers are accessing the SOFTWARE in a stand-alone environment or on a computer network.

The license rights granted under this Agreement may be limited to a specified number of days after you first install the SOFTWARE unless you supply information required to license or activate your licensed copy, as the case may be, within the time and the manner described during the SOFTWARE setup sequence and/or in the dialog boxes appearing during use of the SOFTWARE. You may need to activate the SOFTWARE through the use of the Internet, email or telephone; toll charges may apply. You may need to re-activate the SOFTWARE if you modify your computer hardware or if you have installed it on a different computer; in some cases the number of activations allowed may be limited and you will have to contact C1 for clearance. Product activation is based on the exchange of information between your computer and C1. None of this information contains personally identifiable information nor can they be used to identify any personal information about you or any information you store in your computer. YOU ACKNOWLEDGE AND UNDERSTAND THAT THERE ARE TECHNOLOGICAL MEASURES IN THE SOFTWARE THAT ARE DESIGNED TO PREVENT UNLICENSED OR ILLEGAL USE OF THE SOFTWARE. YOU AGREE THAT C1 MAY USE SUCH MEASURES AND YOU AGREE TO FOLLOW ANY REQUIREMENTS REGARDING SUCH TECHNOLOGICAL MEASURES. YOU ACKNOWLEDGE AND AGREE THAT THE SOFTWARE WILL CEASE TO FUNCTION UNLESS AND UNTIL YOU ACTIVATE THE APPLICABLE SOFTWARE SERIAL NUMBER.

You agree that C1 may audit your use of the SOFTWARE for compliance with these terms at any time, upon reasonable notice. In the event that such audit reveals any use of the SOFTWARE other than in full compliance with the terms of this EULA, you shall reimburse C1 for all reasonable expenses related to such audit in addition to any other liabilities you may incur as a result of such non-compliance.

In all cases, (a) you may not use C1's name, logo, or trademarks to market your Developed Software without the express written consent of C1; (b) you must include the following C1 copyright notice in your Developed Software documentation and/or in the "About Box" of your Developed Software, and wherever the copyright/rights notice is located in the Developed Software ("Portions Copyright © ComponentOne, LLC 1991-2006. All Rights Reserved."); (c) you agree to indemnify, hold harmless, and defend C1, its suppliers and resellers, from and against any claims or lawsuits, including attorney's fees that may arise from the use or distribution of your Developed Software; (d) you may use the SOFTWARE only to create Developed Software that is significantly different than the SOFTWARE.

3. Your Distribution License.

License to Distribute Developed Software. Subject to the terms and conditions in this EULA, you are granted the license to use and to distribute Developed Software on a royalty-free basis, provided that the Developed Software incorporates the SOFTWARE as an integral part of the Developed Software in machine-language compiled format (customarily an ".exe", or ".dll", etc.). You may not distribute, bundle, wrap or subclass the SOFTWARE as Developed Software which, when used in a "designtime" development environment, exposes the programmatic interface of the SOFTWARE. You may distribute, on a royalty-free basis, Redistributable Files with Developed Software only. You may not add or transfer the SOFTWARE serial number to the computer where the Developed Software is installed. Users of the Developed Software may not use the SOFTWARE or the Redistributable Files, directly or indirectly, for development purposes. In particular, if you create a control (or user control) using the SOFTWARE as a constituent control, you are not licensed to distribute the control you created with the SOFTWARE to users for development purposes.

4. Specific Product Limitations. Notwithstanding anything in this EULA to the contrary, if the license you have purchased is for any of the following products, then the following additional limitations will apply:

a. ComponentOne Reports for .NET Designer Edition. ComponentOne Reports for .NET Designer Edition includes at least: 1) one dynamic link library file

(c1.win.c1reportdesigner.dll) known as C1ReportDesigner Component, 2) one executable file (ReportDesigner.exe) known as C1ReportDesigner Application and, 3) the Source Code of the C1ReportDesigner Application. The C1ReportDesigner Component is subject to the general terms and restrictions set forth in this EULA. The C1ReportDesigner Application is an executable file used to design and prepare reports; the C1ReportDesigner Application may be distributed, free of royalties, only in conjunction with the Developed Software.

C1 hereby also grants you the right to use and to modify the C1ReportDesigner Application Source Code to create derivative works that are based on the licensed Source Code. You may distribute such derivative works, solely in object code format and exclusively in conjunction with and/or as a part of the Developed Software. You are expressly not granted the right to distribute, disclose or otherwise make available to any third party the licensed Source Code, any portion, modified version or derivative work thereof, in source code format.

C1 shall retain all right, title and interest in and to the licensed Source Code, and all C1 updates, modifications or enhancements thereof. Nothing herein shall be deemed to transfer any ownership or title rights in and to the licensed Source Code from C1 to you.

SOURCE CODE IS LICENSED TO YOU AS IS. C1 DOES NOT AND SHALL NOT PROVIDE YOU WITH ANY TECHNICAL SUPPORT FOR YOUR SOURCE CODE LICENSE.

b. VSVIEW Reporting Edition (ActiveX). VSVIEW Reporting Edition includes at least one executable file listed as "VSRptX.exe" (where X indicates the version number i.e.7,8, etc.), known as "Designer." The file "VSRptX.exe", or any upgrade or future versions of the Designer, are subject to the restrictions set forth in this EULA and may not be distributed with your Developed Software or in any other way.

c. Studio Products. You may not share the component parts of the Studio Products licensed to you with other Developers, nor may you allow the use and/or installation of such components by other Developers.

5. Updates/Upgrades; Studio Subscription. Subject to the terms and conditions of this EULA, the Licenses are perpetual. Updates and upgrades to the SOFTWARE may be provided by C1 from time-to-time, and, if so provided by C1, are provided upon the terms and conditions offered at that time by C1 in its sole discretion. C1 may provide updates and upgrades to the SOFTWARE for free or for any charge, at any time or never, and through its chosen manner of access and distribution, all in C1's sole discretion.

C1 licenses certain of its separately-licensed products bundled together in a product suite, called the C1 "Studio" product line (the "Studio Products"). The exact separately-licensed products that are bundled into the Studio Products may change from time-to-time in C1's sole discretion. If the SOFTWARE is identified as a C1 "Studio" product, then the SOFTWARE is one of the Studio Products. The SOFTWARE and the Studio Products are revised from time-to-time (meaning, for example, revised with updates, upgrades and, in the case of Studio products, some times changes to the mix of products included in the bundle). To receive any such revisions to the SOFTWARE or the Studio Products, as the case may be, you must have a valid SOFTWARE license or a valid Studio subscription. Together with the Licenses, the original purchaser is granted a one-year subscription from the date of purchase. Upon expiration, you must renew your license subscription to continue to be entitled to receive SOFTWARE and/or the Studio Products revisions as the case may be.

6. Serial Number. With your license, you will be issued a unique serial number (the "Serial Number") used for the activation of the SOFTWARE. The Serial Number is subject to the restrictions set forth in this EULA and may not be disclosed or distributed either with your Developed Software or in any other way. The disclosure or distribution of the Serial Number constitutes a breach of this EULA, the effect of which shall be the immediate termination and revocation of all the rights granted herein.

7. Evaluation Copy. If you are using an "evaluation copy", specifically designated as such by C1 on its website or elsewhere, then the Licenses are limited as follows: a) you are granted a

license to use the SOFTWARE for a period of thirty (30) days counted from the day of installation (the "Evaluation Period"); b) upon completion of the Evaluation Period, you shall either i) delete the SOFTWARE from the computer containing the installation, or you may ii) obtain a paid license of the SOFTWARE from C1 or any of its resellers; and c) any Developed Software developed with the Evaluation Copy may not be distributed or used for any commercial purpose.

III. INTELLECTUAL PROPERTY.

1. Copyright. You agree that all right, title, and interest in and to the SOFTWARE (including, but not limited to, any images, photographs, animations, video, audio, music, text, and "applets" incorporated into the SOFTWARE), and any copies of the SOFTWARE, and any copyrights and other intellectual properties therein or related thereto are owned exclusively by C1, except to the limited extent that C1 may be the rightful license holder of certain third-party technologies incorporated into the SOFTWARE. The SOFTWARE is protected by copyright laws and international treaty provisions. The SOFTWARE is licensed to you, not sold to you. C1 reserves all rights not otherwise expressly and specifically granted to you in this EULA.

2. Backups. You may make a copy of the SOFTWARE solely for backup or archival purposes. Notwithstanding the foregoing, you may not copy the printed Documentation.

3. General Limitations. You may not reverse engineer, decompile, or disassemble the SOFTWARE, except and only to the extent that applicable law expressly permits such activity notwithstanding this limitation.

4. Software Transfers. You may not rent or lease the SOFTWARE. You may permanently transfer all of your rights under the EULA, provided that you retain no copies, that you transfer all the SOFTWARE (including all component parts, the media and printed materials, any updates, upgrades, this EULA and, if applicable, the Certificate of Authenticity), and that the transferee agrees to be bound by the terms of this EULA. If the SOFTWARE is an update or upgrade, any transfer must include all prior versions of the SOFTWARE.

5. Termination. Without prejudice to any other rights it may have, C1 may terminate this EULA and the Licenses if you fail to comply with the terms and conditions contained herein. In such an event, you must destroy all copies of the SOFTWARE and all of its component parts.

6. Export Restrictions. You acknowledge that the SOFTWARE is of U.S. origin. You acknowledge that the license and distribution of the SOFTWARE is subject to the export control laws and regulations of the United States of America, and any amendments thereof, which restrict exports and re-exports of software, technical data, and direct products of technical data, including services and Developed Software. You agree that you will not export or re-export the SOFTWARE or any Developed Software, or any information, documentation and/or printed materials related thereto, directly or indirectly, without first obtaining permission to do so as required from the United States of America Department of Commerce's Bureau of Industry and Security ("BIS"), or other appropriate governmental agencies, to any countries, end-users, or for any end-uses that are restricted by U.S. export laws and regulations, and any amendments thereof, which include, but are not limited to: Restricted Countries, Restricted End-Users, and Restricted End-Uses.

These restrictions change from time to time. You represent and warrant that neither the BIS nor any other United States federal agency has suspended, revoked or denied your export privileges. C1 acknowledges that it shall use reasonable efforts to supply you with all reasonably necessary information regarding the SOFTWARE and its business to enable you to fully comply with the provisions of this Section. If you have any questions regarding your obligations under United States of America export regulations, you should contact the Bureau of Industry and Security, United States Department of Commerce, Exporter Counseling Division, Washington DC. U.S.A. (202) 482-4811, <<http://www.bis.doc.gov>>.

7. U.S. Government Restricted Rights. The SOFTWARE and documentation are provided with RESTRICTED RIGHTS. You will comply with any requirements of the Government to obtain such RESTRICTED RIGHTS protection, including without limitation, the placement of any restrictive legends on the SOFTWARE, and any license agreement used in connection with the distribution of the SOFTWARE. Manufacturer is ComponentOne, LLC, 201 South Highland Avenue, 3rd Floor, Pittsburgh, Pennsylvania 15206 USA. For solicitations issued by the Government on or after December 1, 1995 and the Department of Defense on or after September 29, 1995, the only rights provided in the software and documentation provided herein shall be those contained in this EULA. Under no circumstances shall C1 be obligated to comply with any Governmental requirements regarding the submission of or the request for exemption from submission of cost or pricing data or cost accounting requirements. For any distribution of the SOFTWARE that would require compliance by C1 with the Government's requirements relating to cost or pricing data or cost accounting requirements, you must obtain an appropriate waiver or exemption from such requirements for the benefit of C1 from the appropriate Government authority before the distribution and/or license of the SOFTWARE to the Government.

IV. WARRANTIES AND REMEDIES.

1. Limited Warranty. C1 warrants that the original media, if any, are free from defects for ninety (90) days from the date of delivery of the SOFTWARE. C1 also warrants that: (i) it has the full power to enter into this Agreement and grant the license rights set forth herein; (ii) it has not granted and will not grant any rights in the Software to any third party which grant is inconsistent with the rights granted to you in this Agreement; and (iii) the Software does not and will not infringe any trade secret, copyright, trademark or other proprietary right held by any third party and does not infringe any patent held by any third party. EXCEPT AS OTHERWISE PROVIDED IN THE PRECEDING SENTENCE, AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, C1 EXPRESSLY DISCLAIMS ANY WARRANTY FOR THE SOFTWARE, DOCUMENTATION AND ANYTHING ELSE PROVIDED BY C1 HEREBY AND C1 PROVIDES THE SAME IN "AS IS" CONDITION WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK ARISING OUT OF USE OR PERFORMANCE OF THE SOFTWARE AND DOCUMENTATION REMAINS WITH YOU. THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS. YOU MAY HAVE OTHERS WHICH VARY FROM STATE TO STATE.

2. Limited Remedy. C1 PROVIDES NO REMEDIES OR WARRANTIES, WHETHER EXPRESS OR IMPLIED, FOR ANY SAMPLE APPLICATION CODE, REDISTRIBUTABLE FILES, TRIAL VERSION AND THE NOT FOR RESALE VERSION OF THE SOFTWARE. ANY SAMPLE APPLICATION CODE, TRIAL VERSION AND THE NOT FOR RESALE VERSION OF THE SOFTWARE ARE PROVIDED "AS IS".

C1's entire liability and your exclusive remedy under this EULA shall be, at C1's sole option, either (a) return of the price paid for the SOFTWARE; (b) repair the SOFTWARE through updates distributed online or otherwise in C1's discretion; or (c) replace the SOFTWARE with SOFTWARE that substantially performs as described in the SOFTWARE documentation, provided that you return the SOFTWARE in the same manner as provided in Section I.2 for return of the SOFTWARE for non-acceptance of this EULA. Any media for any repaired or replacement SOFTWARE will be warranted for the remainder of the original warranty period or thirty (30) days, whichever is longer. THESE REMEDIES ARE NOT AVAILABLE OUTSIDE OF THE UNITED STATES OF AMERICA. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL C1 BE LIABLE FOR ANY DAMAGES WHATSOEVER (INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF BUSINESS PROFIT, BUSINESS INTERRUPTION, LOSS OF BUSINESS INFORMATION, OR ANY OTHER PECUNIARY LOSS) ARISING OUT OF THE USE OR INABILITY TO USE THE SOFTWARE, EVEN IF C1 HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. BECAUSE SOME STATES/JURISDICTIONS DO

NOT ALLOW THE EXCLUSION OR LIMITATION OF LIABILITY FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES IN CERTAIN CASES, THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

V. MISCELLANEOUS.

1. This is the Entire Agreement. This EULA (including any addendum to this EULA included with the SOFTWARE) is the final, complete and exclusive statement of the entire agreement between you and C1 relating to the SOFTWARE. This EULA supersedes any prior and contemporaneous proposals, purchase orders, advertisements, and all other communications in relation to the subject matter of this EULA, whether oral or written. No terms or conditions, other than those contained herein, and no other understanding or agreement which in any way modifies these terms and conditions, shall be binding upon the parties unless entered into in writing executed between the parties, or by other non-oral manner of agreement whereby the parties objectively and definitively act in a manner to be bound (such as by continuing with an installation of the SOFTWARE, etc.). Employees, agents and other representatives of C1 are not permitted to orally modify this EULA.

2. You Indemnify C1. . You agree to indemnify, hold harmless, and defend C1 and its suppliers and resellers from and against any and all claims or lawsuits, including attorney's fees, which arise out of or result from your distribution of your Developed Software, your Developed Web Server Software or from your breach of any of the terms and conditions of this EULA.

3. Interpretation of this EULA. If for any reason a court of competent jurisdiction finds any provision of this EULA, or any portion thereof, to be unenforceable, that provision of this EULA will be enforced to the maximum extent permissible so as to effect the intent of the parties, and the remainder of this EULA will continue in full force and effect. Formatives of defined terms shall have the same meaning of the defined term. Failure by either party to enforce any provision of this EULA will not be deemed a waiver of future enforcement of that or any other provision. Except as otherwise required or superseded by law, this EULA is governed by the laws of the Commonwealth of Pennsylvania, without regard to its conflict of laws principles. The parties consent to the personal jurisdiction and venue of the Commonwealth of Pennsylvania, in the County of Allegheny, and agree that any legal proceedings arising out of this EULA shall be conducted solely in such Commonwealth. If the SOFTWARE was acquired outside the United States, then local law may apply.

The SOFTWARE is proprietary to DIVELEMENTS and ownership and copyright of the product is retained. Use of the product by anyone not covered by this license results in the immediate termination of the license along with your right to use the SOFTWARE, without notice. Such termination will not revoke your right to distribute or license any of your software products that contain the SOFTWARE in accordance with this EULA and that were created prior to the violation of this EULA, but will mean that you cannot rebuild or distribute new products that contain the SOFTWARE.

Any earlier license we may have granted to you for the use of earlier versions of the SOFTWARE is replaced by this LICENSE.

SOFTWARE PRODUCT LICENSE

The SOFTWARE is protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties and contains confidential information and trade secrets. TELERIK retains all rights not expressly granted to you in this LICENSE.

I. GRANT OF LICENSE

TELERIK hereby grants to you, and you accept, a non-exclusive, non-transferable license to install, copy, use and modify the SOFTWARE only as authorized below.

This license grants you no rights to the "2007 Microsoft Office System User Interface". For appropriate license, please, contact Microsoft directly.

1. TRIAL LICENSE

2. DEVELOPER LICENSE The SOFTWARE is licensed per Developer seat. This means that each individual using or otherwise accessing the SOFTWARE for development purposes must obtain the right to do so by purchasing an individual product license.

You may make copies on more than one computer, as long as the use of the SOFTWARE is by the same licensed developer. The SOFTWARE is in "use" on a computer when it is loaded into temporary memory (i.e. RAM) or installed into permanent memory (e.g. hard disk or other storage device) of that computer for development purposes. If you install the SOFTWARE on a network server for the sole purpose of internal distribution among licensed developers this is not considered "use" of the SOFTWARE.

2-1. Redistribution rights:

All product licenses are perpetual and royalty-free. You can ship the SOFTWARE as part of solutions for internal company use, hosted applications, commercial solutions deployed at end-users' sites or shrink-wrapped software (PACKAGED PRODUCTS) in which the SOFTWARE is integrated.

You may distribute the SOFTWARE provided that:

- You reasonably ensure that the SOFTWARE is not distributed in any form that allows it to be reused by any application other than your solution. Technical guidelines will be provided upon request, please contact support@telerik.com for more details.
- You need to duly inform your customers that they are not allowed to use the SOFTWARE independently from your solution. For use of the SOFTWARE in design-time (i.e. within a development environment such as Microsoft Visual Studio) your customers need to purchase the appropriate number of Developer Licenses from TELERIK.
- You need to include a valid copyright message in your solution in a location viewable by the end-users (e.g. "About" box).

2-2. Silver Support:

As part of your license you are entitled to "Silver" Support Package which guarantees response within 48 hours.

3. DEVELOPER LICENSE PLUS SUBSCRIPTION AND SOURCE CODE LICENSE

- TELERIK DOES NOT provide technical support for modified source code.
- The SOFTWARE's source code is provided as is. Refunds are not available for licenses that include source code.
- In the event you develop any troubleshooting-related modifications of the SOFTWARE, either independently or jointly with TELERIK, such modifications and all rights associated therewith will be the exclusive property of TELERIK. You are granted the right to use such modifications as set forth in this agreement.
- You acknowledge that the SOFTWARE's source code contains valuable and proprietary trade secrets of TELERIK. All individuals employed by or belonging to your entity agree to expend every effort to insure its confidentiality. You agree to assume full responsibility for such employees' or contractors' use, or misuse, of such disclosed source code as if it was your use. These obligations shall not apply to any information generally available to the public, independently developed or obtained without reliance on TELERIK information, or approved in writing for release by TELERIK without restriction.

- The SOFTWARE may not be distributed part of products that have the same or substantially the same primary functionality. (Example for RadControls for ASP.NET: you may purchase Telerik RadEditor for ASP.NET and create a blog application/component. However, you cannot wrap RadMenu and offer it as a SharePoint WebPart or DNN menu skin object, since its primary functionality would be substantially the same as the SOFTWARE.
- You are not allowed to resell, transfer, rent, lease, or sublicense the SOFTWARE and your associated rights. Under no circumstances shall you grant further redistribution rights to the end-users of your solution.
- You may not use the TELERIK product names, logos or trademarks to market YOUR SOFTWARE.

A Production Server license is required for each additional computer on which you will be installing and running any of the "Production Server Components".

Additional license fees are also due if the "Windows Forms" components are used as part or as a component (server or client) of a web server based application even if the product license is serialized and accessed automatically from the calling executable/deliverables.

2. COPYRIGHT. The SOFTWARE is owned by Software FX, Inc. and is protected by United States copyright laws and international treaty provisions. Therefore, you must treat the SOFTWARE like any other copyrighted material (e.g. a book or a musical recording) except that you may either (a) make one copy of the SOFTWARE solely for backup or archival purposes; (b) transfer the SOFTWARE to a single hard disk provided you keep the original solely for backup or archival purposes or (d) you may store or install a copy of the Software on a storage device, such as a network server, used only to install or run the Software on other computers over an internal network; however, you must acquire and dedicate a License for each separate computer on which the Software is installed or run from the storage device. By installing the software you are agreeing to be bound by the terms of this agreement. If you do not agree to the terms of this agreement, promptly return the uninstalled software to the place you purchased it for a full refund. Notwithstanding anything herein to the contrary, Software FX's authorized resellers are not agents of Software FX, and such resellers may not enter into any contracts on behalf of Software FX. No authorized reseller has the authority to modify the terms of this agreement.

1. **GRANT OF LICENSE.** Software FX, Inc. grants to you as an individual or entity a non-exclusive license to make and use copies of the Software in the manner provided below. The rights granted under this Agreement are only effective upon payment of license fees and possession of the appropriate License Agreement (if applicable). The software is licensed, not sold, even if for convenience we make reference to words such as "sale" or "purchase". There are no implied licenses under this agreement.

(a) **Installation.** The software contains portions known as "Design-time Components" that provide development facilities in Visual Studio .NET and other development environments. Also, "Production Server Components" are provided to enable services on a computer called a server, and finally "Redistributable Code" allows client computers or workstations to access or utilize the services provided by the software. This license agreement grants you one (1)

license of the software portions known as "Design-time" and one (1) license of the software portions known as "Production Server" components. You may use the "Redistributable Code" portions on any computer or workstation subject to Distribution Requirements described in Section 4.

(b) Use of Design-time Components. The "Design-time Components" are licensed on a per seat basis. Per-seat licenses are licenses that are counted by all the machines on which any "Designer Component" will reside on. To use a per-seat license, every machine installing, running and/or using the software for development purposes must have a licensed copy and its appropriate license. A development seat license is required for each additional computer on which you will be installing and running any of the "Design-time Components". "Design-time Components" may be accompanied by a server portion labeled and licensed as a "Test/Development Server", you may use the "Test/Development Server" software for the sole purpose of designing, developing and testing your product(s). "Test/Development Server Components" have been designed to operate in conjunction with the "Design-Time Components" and must not be used as a separate component for production purposes.

(c) Use of Production Server Components. The "Production Server Components" are licensed on a per server basis. The "Production Server Components" may only be used on one and the same server. Additional license fees are also due if the "Production Server Components" are used for hosting or service bureau purposes (e.g. an Internet Service Provider (ISP) may not use the "Production Server Components" when hosting pages for its customers using different domain names). A Production Server license is required for each additional computer on which you will be installing and running any of the "Production Server Components"

(d) Use of Windows Forms Components. The "Windows Forms" components are licensed on a per developer/ per seat basis. The "Windows Forms" components may only be used on Windows Forms applications/deliverables that serialize the product's license internally and automatically access the license from the calling executables/deliverables. Additional license fees are also due if the "Windows Forms" components are used as part or as a component (server or client) of a web server based application even if the product license is serialized and accessed automatically from the calling executable/deliverables.

2. EVALUATION/TRIAL LICENSE.
