This document provides answers to frequently asked questions regarding this announcement.

Product related questions

Question When is HP discontinuing Server Automation 7.8x?

Answer Effective September 1, 2011, HP is announcing the discontinuance of Server Automation 7.8x. Current customers may continue to purchase additional licenses of Server Automation 7.8x until November 1, 2011. As of this date, the product will be removed from HP's Corporate Price List and will no longer be orderable.

Question Why is HP discontinuing Server Automation 7.8x?

Answer Effective with the new release of Server Automation 9.0, HP is announcing the obsolescence of the older versions of Server Automation 7.8x. This is in accordance with the HP Software Supported Version Policy 4.3. Definitions of terms are documented in the [HP Software product version obsolescence guidelines](#).

Question What product numbers are affected by this obsolescence?

Answer Please refer to Appendix B in the customer letter for the list of affected product numbers.

Question When is the last date I can order Server Automation 7.8x?

Answer Server Automation 7.8x will continue to be available for purchase to current support customers through November 1, 2011. As of that date, you will no longer be able to purchase additional licenses of the product.

Question Can I still purchase additional licenses for Server Automation 7.8x? If yes, how?

Answer Yes: Additional licenses are available until Nov. 01, 2011

Question Do I need to request new license keys when upgrading to Server Automation 9.0?

Answer No, you don't need new license keys for Server Automation 9.0

Question What version of Server Automation 7.8x is currently available and what upgrade plans do you have for the product, if any?

Answer The latest version is Server Automation 9.0. Please check the [IT Management Products](#) page or otherwise check with your local HP sales representative or HP software business partner for the latest information.

Question Who can I contact if I have more questions with regards to this product discontinuance?

Answer You have several options available to you:

- Contact your local HP sales representative or your local HP software business partner:
h20229.www2.hp.com/buy/index.html
- Web Self Solve:
www.hp.com/go/hpssoftwaresupport/
- HP Technical Support:

Question What are the hardware requirements to upgrade to Server Automation 9.0?

Answer Hardware requirements will vary depending on your operating system, please review the appropriate System Requirements and Compatibility Matrix document or contact your local HP Sales Representative or HP Software Business Partner for further assistance.

Question Where can I find upgrade information for Server Automation 7.8x?

Answer Your local HP sales representative or HP Software Business Partner can help you get this information, alternatively please see the Customer Letter for further details.

Question I plan to upgrade my Server Automation 7.8x environment using in-house technical resources. Where do I get all the required software?

Answer All Server Automation 7.8x support customers can download Server Automation 9.0 media via 'My Updates'.

Support contract related questions

Question What is the end of support date?

Answer The End of Support date for Server Automation 7.8x is April 30, 2013. As of this date all customer support activities for this version will cease, this includes:

- Telephone support
- Security Rule updates
- Product upgrades

Question Are there any other key dates I need to be aware of?

Answer Please see Customer Letter page 1 for key dates.

Question What are my discontinuance options?

Answer Customers have the option to continue using Server Automation 7.8x. HP will stop providing support for Server Automation 7.8x on April 30, 2013 Self-Help Support will continue to be available through April 30, 2015. Customers are encouraged to begin reviewing their business requirements for Server Automation 7.8x. Customers are also encouraged to contact their local HP Sales Representative or HP Software Business Partner for help in determining migration options that meet your business needs.

Question Can I get a support contract for technical support only, without having to pay for upgrades?

Answer No, support contracts include both technical support and software updates.

<i>Question</i>	Should there be a defect with a version of Server Automation 7.8x for which no defect fixing is done anymore, can I pay for a fix to be implemented on my request?
<i>Answer</i>	HP may choose to offer defect fixes at a premium price, depending on available resources.
<i>Question</i>	If I am on a support contract, what will I be entitled to?
<i>Answer</i>	You should have received a letter or electronic notification from HP to inform you about the availability of Server Automation 9.0 for support customers, what license(s) you were entitled to under your support contract and how to sign up for it. Your local HP Sales and Support Representatives or your HP Software Business Partner can help provide information and assistance to enable your upgrade to be easy and successful.
<i>Question</i>	When I upgrade from Server Automation 7.8x to Server Automation 9.0, can I continue my existing support contracts until they expire?
<i>Answer</i>	Yes, your support contract will be updated automatically at the next renewal time.
<i>Question</i>	When I upgrade from Server Automation 7.8x to Server Automation 9.0, can I expect the same support pricing compared to Server Automation 7.8x?
<i>Answer</i>	Not necessarily. Each product support price is determined independently.
<i>Question</i>	What migration services are available to help me upgrade?
<i>Answer</i>	Your local HP sales representative or HP software business partner can help you get this information.
<i>Question</i>	What educational training packages are available for the Server Automation 9.0?
<i>Answer</i>	HP Software Education offers Server Automation 9.0 Delta Training (WBT) and Server Automation 9.x Essentials (5-day ILT). For additional information, please go to http://merc-training.cce.hp.com/main/training/course_list.cfm?ProductID=81&filtertype=all&sitepick=US
