Answer	The customer letter explains how to get access to all required software, licenses, and training materials.

## Support contract related questions

**Question** What is the end of support date?

**Answer** The End of Support date for OVIS 6.11 JPN and OVIS 6.20 is December 31, 2009. As of this date all customer support activities will cease, this includes:

- Telephone support
- Security Rule updates
- Product upgrades

**Question** What are my discontinuance options?

**Answer** Customers have the option to continue using OVIS 6.11 JPN and 6.20 ENG versions. HP will stop providing Support for both versions on December 31, 2009. Self-Help Support will continue to be available for both versions through December 31, 2011.

Customers are advised to migrate to HP BAC 6.7 or higher (BAC 7.0 for 6.11 JPN customers). Customers are also encouraged to contact their local HP sales representative or HP software business partner for help in determining a migration plan that will meet your business needs.

**Question** How does this affect my OVIS support contract?

**Answer** Upon the End of Support date of OVIS 6.11 JPN and 6.20 ENG, your support contract if not already updated will automatically be updated to reflect BAC product numbers.

**Question** Should there be a defect with a version of OVIS for which no defect fixing is currently being done, can I pay for a fix to be implemented on my request?

**Answer** HP may choose to offer defect fixes at a premium price, depending on available resources.

**Question** If I am on a support contract, what will I be entitled to?

**Answer** You should have received a letter or electronic notification from HP to inform you the OVIS migration kit, OVIS support, what license(s) you were entitled to under your support contract and how to get the software to upgrade to BAC. Your local HP sales and support representatives or your HP software business partner can help provide information and assistance to enable your migration to BAC.

**Question** When I upgrade from OVIS 6.11 JPN and 6.20 ENG versions to BAC, can I expect the same support pricing?

**Answer** The BAC support prices will be the same for the first year but after that they will be at the then current BAC prices.
