

# HP Automation Insight

Software version: 1.00 / July 2014

Documentation version: July 2014

## Documentation Library

The HP Automation Insight Documentation Library provides the most up-to-date version documents available on the [HP Software Product Manuals portal](#).

**Note:** If the file download cell is blank for a release, the documentation for the previous release applies.

### HP Automation Insight

Document Name	DOWNLOAD ↓				Comment
	1.00				
All Manuals Download	<a href="#">go</a>				Zip of the full documentation set for HP Automation Insight; this zip does not include documents that are updated in patch or content releases, such as Release Notes, Compatibility and Support Matrices, and Solution Pack User Guides.
Administrator Guide	<a href="#">go</a>				Configure and manage HP AI using the web interface, configure HP LNC, manage solution packs, manage data management jobs, configure data sources, configure the core server to the database, install the data miner, manage users and groups and configure SAP BusinessObjects.
Installation Guide	<a href="#">go</a>				Install and set up the HP AI core server and the HP Vertica data warehouse; also includes installation prerequisites, uninstallation, and reinstallation.
Migrate BSAE Universes and Reports	<a href="#">go</a>				Detailed instructions for migrating BSAE universes and reports in to HP AI.

Release Notes	<a href="#">go</a>				New features and known issues.
Support Matrix	<a href="#">go</a>				Supported products, hardware, operating systems, databases, application servers, and web browsers for HP AI; also includes compatibility information and performance and sizing recommendations.
Troubleshooting Guide	<a href="#">go</a>				Common problems and solutions and installation verification.
User Guide	<a href="#">go</a>				View and run standard dashboards and reports and create custom reports.
HP Vertica Cluster Load Balancing and Failover	<a href="#">go</a>				Detailed instructions for setting up load balancing and failover in your HP Vertica cluster.

## Additional Information

### Online Documentation

To check for recent updates or to verify that you are using the most recent edition of a document, go to:

<https://softwaresupport.hp.com/>

**Note:** If you have reached this library, you have already signed in with your HP Passport credentials. You can also receive updated documentation if you subscribe to the appropriate product support service. Contact your HP sales representative for details. See Document Change Notes within the document for a list of any revisions.

### All Manuals Download

After downloading the *All Manuals Download* zip file, unzip the full set on your local directory. You can then search across the doc set using the Advanced Search capabilities in Adobe Acrobat.

### Support

You can visit the HP Software Support web site at <https://softwaresupport.hp.com/> This web site provides contact information and details about the products, services, and support that HP offers.

Most of the support areas require that you register as an HP Passport user and sign in. To register for an HP Passport ID, go to <https://softwaresupport.hp.com/> using the link 'Register for HP Passport' located under the sign-in.

Many also require an active support contract. To find more information about support access levels, go to:

<https://softwaresupport.hp.com/access-levels>

### Support Matrices

For complete support and compatibility information, see the support matrix for the relevant product release. All support matrices and product manuals are available here on the HP Software Support Online website:

<https://softwaresupport.hp.com/group/softwaresupport/support-matrices>

You can also download the Support Matrix for this release from the HP Self-solve documentation portal:

<https://softwaresupport.hp.com/>
