Hewlett Packard Enterprise

Cloud Service Automation

Documentation Library

Software version: 4.xx

Document release date: October 2017 (document change notes)

Software release date: July 2016

The Cloud Service Automation (CSA) Documentation Library provides links to download all version 4.xx documents that are available on the HPE Software Support portal. An HPE Passport login is required for all documentation downloads.

Get the latest: This CSA Documentation Library is updated when additional documents are made available. Download the latest here.

Note: If the file download cell is blank for a release, the documentation for the previous release applies. ★ = new in this release.

Documentation updates

The title page of this document contains the following identifying information:

- Software Version number, which indicates the software version.

- Document Release Date, which changes each time the document is updated.

- Software Release Date, which indicates the release date of this version of the software.

To check for recent updates or to verify that you are using the most recent edition of a document, go to the following URL and sign-in or register: https://softwaresupport.hpe.com.

Select Manuals from the Dashboard menu to view all available documentation. Use the search and filter functions to find documentation, whitepapers, and other information sources.

You will also receive updated or new editions if you subscribe to the appropriate product support service. Contact your Hewlett Packard Enterprise sales representative for details.

Support

Visit the Hewlett Packard Enterprise Software Support Online web site at https://softwaresupport.hpe.com.

Document change notes

Date	Change
July 2016	Initial release of this document for 4.7.
August 2016	Updated to include additional videos and white papers released post-GA. Added new 4.60 video, "Approve a Subscription."
October 2017	Removed references to obsolete videos
