## Known Issues

For more information about known issues, visit HP Software Support Online, or contact your HP Support representative directly.

**Proxy server ignored in "Integrations/VMware/VMware Cloud/Organizations/Get Organization Tasks" when vCloud host is unreachable**

When using the Get Organization Tasks operation under */Integrations/VMware/VMware Cloud/Organizations/Get Organization Tasks* with a vCloud host that is not directly accessible and the vCloud API is not detected, the proxyHost and proxyPort settings are ignored.
