Definitions

Capitalized terms not otherwise defined in this ALA document are defined in the governing agreement.

Term	Definition
Bundle or *Bdl*	means an offering which includes a Term LTU, Term Support and SaaS.
Connector or Conn	means an integration element to a certain software, format or function through use of the HP software product.
Device or *Dev*	means an addressable entity, physical or virtual, including but not limited to router, switch, bridge, hub, server, PC, laptops, handheld device or printer that resides within the range defined for interrogation and asset tracking.
E-LTU and *E-Media*	means products which are electronically delivered only, and as such any reference to FOB Destination or delivery methods that are stated on your purchase order other than electronic shall be null and void with respect to these E-LTU or E-Media products.
Foundation	means a single Instance of the core or primary components of a software application which enable its basic functionality, and without which the additional modules available for the application are unable to operate. Foundation software may be installed on one or multiple servers, depending on the specific architecture required to enable the functioning of the single Instance.
Instance	is defined as each implementation of the application installed on a server.
Internal Use	means access and Use of the software for purposes of supporting your internal operations or functions.

Term	Definition
LTU	means License To Use
Casual Named User or *Csl Nmd User*	means a Named User that may occasionally access APIs, create and view requests, update only the requests the user created, view portals, and run/view reports.
Power Named User	means a Named User that may access APIs, create and view requests, update requests created by any Demand Management user, review the system portal and run/view reports.
Named User or *Nmd User*	means a specific individual authorized by You to access the Software regardless of whether they are actively using the Software.
Occasional User	means an user who logs into the SaaS Project and Portfolio Management Instance once a week or less.
SaaS	means Software as a Service which is a service which allows access to the Software, support and related professional services, as described in an order document, datasheet or a Statement of Work (SOW).
Standard Users	means those users who log into the SaaS Project and Portfolio Management Instance more than once a week.
Suite	means two or more Software products combined into a single license offering. The specific software products included in a Suite are specified in the Software Specific License Terms below. Software products included in a Suite are governed by the individual authorizations and use restrictions associated with each Software product.
Term License to Use or *Term LTU*	means a Software license to use (LTU) which indicates in its license description that the license is valid for a specific period of time such as One Month(1M) , One Year(1Y) etc. Term LTU's are not perpetual licenses.
Term Support	means a fixed period support offering that is only valid during the time period of the associated Term LTU.
Use	means to install, store, load, execute and display one copy of the software.

Software specific license terms

Software products with software specific license terms are described below. Software products covered by this ALA document (as listed above) and not covered in this section do not have software specific license terms.

HP Project & Portfolio Management

HP Project & Portfolio Management includes a license to HP Anywhere limited edition software. Use of the remote access capabilities of the HP Anywhere limited edition software is restricted to the HP Project & Portfolio Management software only and cannot be used with any other HP product or third party products.

Additional license terms

Term

A.	Software contains software and associated specifications licensed from third parties that are confidential to, and trade secrets of, such parties. You will not take any action other than to Use it as authorized under the agreement as part of the software products and will not disclose it to third parties.
B.	You shall install and use the Software as authorized in the applicable agreement only as a complete product and may not use portions of such software on a standalone basis separate from the complete software unless expressly authorized in the Supporting Material, specifications or an applicable agreement.
C.	To the extent this restriction is not prohibited under applicable law, you shall not disclose to any third party the results of (i) any performance benchmarks you run on software products themselves, or any portion thereof, or (ii) specific detailed comparisons you make between software products, or any portion thereof, and any of your or third-party product, in each case under (i) and (ii) without the prior written consent of HP.
