Documentation Updates

The title page of this document contains the following identifying information:

- Software Version number, which indicates the software version.
- Document Release Date, which changes each time the document is updated.
- Software Release Date, which indicates the release date of this version of the software.

To check for recent updates or to verify that you are using the most recent edition of a document, go to: <http://h20230.www2.hp.com/selfsolve/manuals>

This site requires that you register for an HP Passport and sign in. To register for an HP Passport ID, go to: <http://h20229.www2.hp.com/passport-registration.html>

Or click the **New users - please register** link on the HP Passport login page.

You will also receive updated or new editions if you subscribe to the appropriate product support service. Contact your HP sales representative for details.

Support

Visit the HP Software Support Online web site at: <http://www.hp.com/go/hpsupport>

This web site provides contact information and details about the products, services, and support that HP Software offers.

HP Software online support provides customer self-solve capabilities. It provides a fast and efficient way to access interactive technical support tools needed to manage your business. As a valued support customer, you can benefit by using the support web site to:

- Search for knowledge documents of interest
- Submit and track support cases and enhancement requests
- Download software patches
- Manage support contracts
- Look up HP support contacts
- Review information about available services
- Enter into discussions with other software customers
- Research and register for software training

Most of the support areas require that you register as an HP Passport user and sign in. Many also require a support contract. To register for an HP Passport ID, go to:

<http://h20229.www2.hp.com/passport-registration.html>

To find more information about access levels, go to:

http://h20230.www2.hp.com/new_access_levels.jsp

HP Software Solutions Now accesses the HPSW Solution and Integration Portal Web site. This site enables you to explore HP Product Solutions to meet your business needs, includes a full list of Integrations between HP Products, as well as a listing of ITIL Processes. The URL for this Web site is <http://h20230.www2.hp.com/sc/solutions/index.jsp>

Connect-It Release Notes

for the Windows® and Linux® and Unix® operating systems.

Software version: 9.40

Publication date: February 2015

This document is an overview of the changes made to Connect-It (CIT). It contains important information that is not included in books or Help. You can find information about the following in this document:

["New Features in this Release" on the next page](#)

Support Matrix

For information about the installation requirements and compatibility with other products, see the Connect-It Support Matrix. The support matrix may be updated between releases, and so is only available at the HP Support web site:

<https://softwaresupport.hp.com>

The support matrix includes the following information:

- **Requirements**
 - Hardware
 - Operating System
 - Java Runtime Environment
- **Compatibility**
 - Languages
 - Internationalization Variances
 - Virtualization Products
 - High-Availability Products
 - HP Software Integrations
 - HP Software Coexistence
 - Other Software Coexistence

- Modules
- Connector Support
- **Obsolescence Plans**

New Features in this Release

This version of Connect-It provides the following updates and enhancements:

- **Enable SSL V3:** This option allows you to enable or disable the use of Secure Socket Layer (SSL) version 2.0 and 3.0. When you set this option to No, Connect-It disables SSL 2.0 and 3.0, and only enables Transport Layer Security (TLS) versions (TLS 1.0, 1.1, and 1.2). When you set this option to Yes, Connect-It enables SSL 2.0, 3.0, and TLS versions. The default setting of this option is No, which is the recommended setting due to the vulnerabilities of SSL 3.0.
- On HP-UX, AIX, and Solaris, OpenSSL is upgraded to OpenSSL 1.0.1l.
- On HP-UX, AIX, and Solaris, OpenLDAP is upgraded to OpenLDAP2.4.40.

Documentation Updates

The first page of this document identifies the:

- Version number for the software.
- Software release date.

To check for recent updates or to verify that you are using the most recent edition, visit the <https://softwaresupport.hp.com> web site.

You must have Adobe® Reader installed to view files in PDF format (*.pdf). To download Adobe Reader, go to the [Adobe](#) web site.

We appreciate your feedback!

If you have comments about this document, you can [contact the documentation team](#) by email. If an email client is configured on this system, click the link above and an email window opens with the following information in the subject line:

Feedback on Patch 2 Release Notes (Connect-It 9.40)

Just add your feedback to the email and click send.

If no email client is available, copy the information above to a new message in a web mail client, and send your feedback to connectit_support@groups.hp.com.
