HP Cloud and Automation Suite Express Edition

The HP Cloud and Automation Suites are automation solutions for private and hybrid cloud environments. Each suite combines HP's industry-leading software to assist IT organizations in the rapid and consistent provisioning, deployment, and governance of applications and infrastructures.

HP Cloud and Automation Suite Express Edition provides a lightweight solution with full-stack platform capability. Express Edition's founding software solutions are HP Cloud Service Automation and HP Operations Orchestration, providing self-service provisioning and work-flow automation. HP IT Executive Scorecard adds a rich set of reporting and analytical tools to support IT compliance and governance.
