

HP Data Center Automation Appliance

Software version: 1.00
 Documentation version: April 2015

Documentation Library

The HP Data Center Automation Appliance Documentation Library provides the most up-to-date version of DCAA documents available on the [HP Software Support site](#).

The table below shows new and updated documentation for HP DCAA software.

Note: If the file download cell is blank for a release, the documentation for the previous release applies.

Additional Information

Online Documentation

To check for recent updates or to verify that you are using the most recent edition of a document, go to:

<https://softwaresupport.hp.com/>

Note: If you have reached this library, you have already signed in with your HP Passport credentials. You can also receive updated documentation if you subscribe to the appropriate product support service. Contact your HP sales representative for details. See Document Change Notes within the document for a list of any revisions.

All Manuals Download

After downloading the *All Manuals Download* zip file, unzip the full set on your local directory. You can then search across the doc set using the Advanced Search capabilities in Adobe Acrobat.

Support

You can visit the HP Software Support web site at:

<https://softwaresupport.hp.com/>

This web site provides contact information and details about the products, services, and support that HP offers.

Most of the support areas require that you register as an HP Passport user and sign in. Many also require an active support contract. To find more information about support access levels, go to:

http://support.openview.hp.com/access_level.jsp

To register for an HP Passport ID, go to:

<https://ovrd.external.hp.com/rd/register>

Support Matrices

For complete support and compatibility information, see the support matrix for the relevant product release. All support matrices and product manuals are available here on the HP Software Support Online website:

http://support.openview.hp.com/sc/support_matrices.jsp

You can also download the Support Matrix for this release from the HP Self-solve documentation portal:

<https://softwaresupport.hp.com/>
