

Server Automation 9.1x Support Extension Announcement

Dear Customer,

Micro Focus is announcing the support extension for HP Server Automation 9.1x effective as of the date set forth below.

This letter is for HP Server Automation support customers worldwide, to inform you of our end of support extension plans.

Micro Focus is committed to providing the highest level of customer care to you while you determine your future strategy for your HP Server Automation products.

Key program dates listed below for HP Server Automation 9.1x are based on the time-based support policy under which end-of-support dates are announced as new product versions are released. Our goal is to provide you with a clear visibility into the support time-line of software products, enabling you to use this information to plan, test, and deploy new product versions. For more information, check our [Software Support Policy](#).

Please read below for the planned key timelines and support options that will be available to your customers:

Date	Program Activity
Previously announced support timeline:	
Jul 31, 2017	End of Extended Support for Server Automation 9.1x
Jul 31, 2021	End of Self-Help Support with Rights to New Versions for Server Automation 9.1x
Updated support timeline:
