## Documentation Updates

The title page of this document contains the following identifying information:

- Software Version number, which indicates the software version.
- Document Release Date, which changes each time the document is updated.
- Software Release Date, which indicates the release date of this version of the software.

To check for recent updates or to verify that you are using the most recent edition of a document, go to: <http://h20230.www2.hp.com/selfsolve/manuals>

This site requires that you register for an HP Passport and sign in. To register for an HP Passport ID, go to: <http://h20229.www2.hp.com/passport-registration.html>

Or click the **New users - please register** link on the HP Passport login page.

You will also receive updated or new editions if you subscribe to the appropriate product support service. Contact your HP sales representative for details.

## Support

Visit the HP Software Support Online web site at: <http://www.hp.com/go/hpssoftwaresupport>

This web site provides contact information and details about the products, services, and support that HP Software offers.

HP Software online support provides customer self-solve capabilities. It provides a fast and efficient way to access interactive technical support tools needed to manage your business. As a valued support customer, you can benefit by using the support web site to:

- Search for knowledge documents of interest
- Submit and track support cases and enhancement requests
- Download software patches
- Manage support contracts
- Look up HP support contacts
- Review information about available services
- Enter into discussions with other software customers
- Research and register for software training

Most of the support areas require that you register as an HP Passport user and sign in. Many also require a support contract. To register for an HP Passport ID, go to:

<http://h20229.www2.hp.com/passport-registration.html>

To find more information about access levels, go to:

[http://h20230.www2.hp.com/new\\_access\\_levels.jsp](http://h20230.www2.hp.com/new_access_levels.jsp)

**HP Software Solutions Now** accesses the HPSW Solution and Integration Portal Web site. This site enables you to explore HP Product Solutions to meet your business needs, includes a full list of Integrations between HP Products, as well as a listing of ITIL Processes. The URL for this Web site is

<http://h20230.www2.hp.com/sc/solutions/index.jsp>

# Release Notes

**Software version:** 1.1.0

**Publication date:** September 2015

## Welcome to ITOC 1.10

HP IT Operations Compliance (ITOC) allows IT Operations users to track business service compliance against corporate and regulatory policies, making their environment compliant and therefore secure.

With ITOC you can:

- Scan compliance of business services against policies in a repeatable and reliable manner.
- Remediate non-compliance.
- Provide an overall view of compliance status across policies and business services.
- Track exceptions of resources to requirements in the Statement of Applicability (SoA).
- Track the lifecycle and revisions of policies, business services, controls, and SoAs.

This document provides an overview of HP ITOC.

## HP ITOC Compliance Content

HP ITOC is integrated with HP Live Network (HPLN) to deliver compliance content. The HP-provided Compliance Control Library and Compliance Regulatory Policies are available for download from HPLN. Your HP Passport login credentials are required for viewing HP ITOC product-related information and downloading the required compliance content offerings on HPLN.

HP ITOC product-related information is located at:

<https://hpln.hp.com/group/hp-it-operations-compliance>

## HP ITOC Documentation Library

The **HP ITOC Documentation Library** provides the most up-to-date version of ITOC documents available on the HP Software Product Manuals portal. Use this library to access the guides, release notes, and support matrix relevant to this release or to download the full documentation set as a bundle. The documentation library is located here:

<https://softwaresupport.hp.com/group/softwaresupport/search-result/-/facetsearch/document/KM01569186>

The library includes these guides:

- **HP IT Operations Compliance Administration Guide** - Provides information about maintenance windows and scheduling, organizations, administration user interface (UI), users, user roles and permissions, notifications, resource managers, and business and system configuration.
- **HP IT Operations Compliance Installation, Setup, and Upgrade Guide** - Provides prerequisites, requirements, and instructions for installing the ITOC application and agents.
- **HP IT Operations Compliance Integration Guide** - Provides information about integrating ITOC with other products.
- **HP IT Operations Compliance Reports User Guide** - Provides information about installing and configuring HP ITOC, HP ITBA, and HP Vertica for ITOC Reports.
- **HP IT Operations Compliance Troubleshooting Guide** - Provides troubleshooting tips for known issues and recommended actions or workarounds.
- **HP IT Operations Compliance User Guide** - Describes the ITOC dashboard and navigation, ITOC policies, business services, ITOC controls and resources, scanning and remediation, and SoAs.

For information about the installation requirements and compatibility with other products, see the **HP IT Operations Compliance Support and Compatibility Reference**. The support and compatibility reference may be updated between releases, and therefore is only available at the HP Support web site:

<http://support.openview.hp.com/selfsolve/manuals>

## Send Documentation Feedback

If you have comments about HP ITOC or this document, [contact HP](#). If an email client is configured on this system, click the link above to generate an email to the HP ITOC team. Just add your feedback to the email and click send.

If no email client is available, send your feedback to [itopscompliance@hp.com](mailto:itopscompliance@hp.com). Please include the name and version of the document in your feedback memo.

We appreciate your feedback!
