

# HP AutoPass License Server

For the Windows® operating systems

Software Version: 8.3

---

Readme

Document Release Date: May 2015

Software Release Date: May 2015

This file provides the following information about the HP AutoPass License Server 8.3:

- ["Getting Started"](#)
- ["Minimum System Requirements and Supported Environments"](#)
- ["Notes and Limitations"](#)

## Getting Started

### Installing AutoPass License Server

Important installation information and step-by-step installation instructions can be found in the installation section in the *HP AutoPass License Server User Guide*. The User Guide is available in PDF format in the root folder of the License Server DVD.

You can also open the User Guide from the HP AutoPass License Server document folder after you install.

### Before You Begin

After you install, you may want to refer to the HP AutoPass License Server User Guide, which provides information on how to use the License Server features and the License Server user interface. This guide is also available through the context sensitive help found on every License Server pane or tab.

### Hotfix and Patch Information

If you install a hotfix or patch over AutoPass License Server 8.00, information about that patch is described in the corresponding hotfix or patch readme.

If the information in the hotfix or patch conflicts with the information in the Readme or any other License Server documentation, the information in the hotfix or patch readme takes precedence.

### Documentation Updates

The top of this document contains the following identifying information:

Version number, which indicates the software version.

Publish date, which changes each time the document is updated.

To check for recent updates of this or any other AutoPass License Server documentation, or to verify that you are using the most recent edition, visit: [HP Software Product Manuals site \(requires an HP passport\)](#).

# Minimum System Requirements and Supported Environments

To successfully install and run AutoPass License Server, your computer must meet the minimum system requirements shown below. However, performance may be improved by using systems with stronger/later setups than the minimum requirements.

For a complete list of all supported operating systems, browsers, and development environments, see the *HP AutoPass License Server Support Matrix*, available from the root folder of the AutoPass License Server DVD, or from the [HP Software Product Manuals](#) site (requires an HP passport).

<b>Computer Processor</b>	1.6 Ghz or higher
<b>Operating System</b>	Windows XP Service Pack 3
<b>Memory</b>	Minimum of 1 GB
<b>Color Settings</b>	High Color (16 bit)
<b>Graphics Card</b>	Graphics card with 64 MB video memory
<b>Free Hard Disk Space</b>	1 GB of free disk space for application files or folders
<b>Browser</b>	<ul style="list-style-type: none"><li>• Microsoft Internet Explorer 10.00</li><li>• Mozilla Firefox 36.0.4</li></ul>

## Notes and Limitations

This section includes information that is important to know before you install AutoPass License Server.

- The AutoPass License Server is supported on both 32- and 64- bit Windows operating systems. Although the 32 bit installers can be installed on a 64-bit operating system, it is recommended to install the 64 bit-installer on a 64-bit operating system.
- Only one instance of the AutoPass License Server can be installed on a machine.
- You cannot run the 64-bit AutoPass License Server on the same machine with Unified Functional Testing (UFT) with the Java add-in installed.

# HP Support

Visit the HP Software Support Online web site at:

**<http://www.hp.com/go/hpsoftwaresupport>**

This web site provides contact information and details about the products, services, and support that HP Software offers.

HP Software online support provides customer self-solve capabilities. It provides a fast and efficient way to access interactive technical support tools needed to manage your business. As a valued support customer, you can benefit by using the support web site to:

- Search for knowledge documents of interest
- Submit and track support cases and enhancement requests
- Download software patches
- Manage support contracts
- Look up HP support contacts
- Review information about available services
- Enter into discussions with other software customers
- Research and register for software training

Most of the support areas require that you register as an HP Passport user and sign in. Many also require a support contract. To register for an HP Passport ID, go to:

**<http://h20229.www2.hp.com/passport-registration.html>**

To find more information about access levels, go to:

**[http://h20230.www2.hp.com/new\\_access\\_levels.jsp](http://h20230.www2.hp.com/new_access_levels.jsp)**
