HP Network Node Manager iSPI Performance for Metrics Software

November 2015

Important Note

Before beginning the NNM iSPI Performance for Metrics installation, you must read the following documents in the listed order:

1. **HP Network Node Manager i Premium or Ultimate Support Matrix**—helps you determine whether you have the required hardware and software available to perform the installation.
2. **HP Network Node Manager i Premium or Ultimate Release Notes**—provides an overview of the changes made to HP Network Node Manager iSPI Performance for Metrics Software version 10.10.
3. **HP Network Node Manager iSPI Performance for Metrics Software Interactive Installation and Upgrade Guide**—provides customizable instructions to help you install the iSPI. Read this document to become familiar with the details and requirements associated with the installation. To obtain a copy of the most current version of this guide, go to <https://softwaresupport.hp.com/group/softwaresupport/search-result/-/facetsearch/document/KM01898639>
4. **HP Network Node Manager iSPI Performance for Metrics Software Deployment Reference**—provides information for advanced deployment, configuration, and maintenance. To obtain a copy of the most current version of this guide, go to: <https://softwaresupport.hp.com/group/softwaresupport/search-result/-/facetsearch/document/KM01887574>

After you have read the documents listed above, you are ready to begin the installation process.

Note: For the most up-to-date versions of all documents listed above go to:

<http://h20230.www2.hp.com/selfsolve/manuals>

This site requires that you register for an HP Passport and sign in. Go to:

<http://h20229.www2.hp.com/passport-registration.html>

Note: For a complete list of the Documentation Set, see the **NNM iSPI Performance for Metrics 10.10 Documentation List** at: <http://h20230.www2.hp.com/selfsolve/manuals>

Accessing the Interactive Installation Instructions

<https://softwaresupport.hp.com/group/softwaresupport/search-result/-/facetsearch/document/KM01898639>

3. The NNM iSPI Performance for Metrics Interactive Installation Guide enables you to select the install or uninstall options for your network environment.

Network Node Manager iSPI Performance for Metrics Software

Interactive Installation and Upgrade Guide

Start by choosing a task

- Install a new instance of NPS
- Upgrade an existing NPS 10.00 installation to 10.10
- Upgrade an existing NPS 9.20 installation to 10.10
- Uninstall NPS

Welcome to the *HP Network Node Manager iSPI Performance for Metrics Software Interactive Installation and Upgrade Guide*. This guide enables you to specify the type of installation that you want to perform, and then view or print a customized guide, which includes only the requirements and tasks that apply to you.

✎ [For an overview of the NNM iSPI Performance for Metrics and NPS, click here.](#)

Start by choosing an installation type from the options on the left.

Tip: You can deploy NPS across a number of systems to take advantage of more computing resources and achieve greater scale. The **distributed deployment of NPS** enables you to distribute the computing load across multiple system and designate each system to perform a specific operation determined

After you complete your selections, you can view or print the results. Use these results as your customized NNM iSPI Performance for Metrics Installation Guide.

Support

Visit the HP Software Support web site at:

www.hp.com/go/hpsoftwaresupport

This web site provides contact information and details about the products, services, and support that HP Software offers.

HP Software online support provides customer self-solve capabilities. It provides a fast and efficient way to access interactive technical support tools needed to manage your business. As a valued support customer, you can benefit by using the support web site to:

- Search for knowledge documents of interest
- Submit and track support cases and enhancement requests
- Download software patches and associated patch documentation
- Manage support contracts
- Look up HP support contacts
- Review information about available services
- Enter into discussions with other software customers
- Research and register for software training

Most of the support areas require that you register as an HP Passport user and sign in. Many also require a support contract. To register for an HP Passport ID, go to:

<http://h20229.www2.hp.com/passport-registration.html>

To find more information about access levels, go to:

http://h20230.www2.hp.com/new_access_levels.jsp
