Trademark Notices

Adobe® is a trademark of Adobe Systems Incorporated.

Microsoft® and Windows® are U.S. registered trademarks of Microsoft Corporation.

Oracle and Java are registered trademarks of Oracle and/or its affiliates.

UNIX® is a registered trademark of The Open Group.

RED HAT READY™ Logo and RED HAT CERTIFIED PARTNER™ Logo are trademarks of Red Hat, Inc.

The OpenStack word mark and the Square O Design, together or apart, are trademarks or registered trademarks of OpenStack Foundation in the United States and other countries, and are used with the OpenStack Foundation's permission.

Documentation Updates

The title page of this document contains the following identifying information:

- Software Version number, which indicates the software version.
- Document Release Date, which changes each time the document is updated.
- Software Release Date, which indicates the release date of this version of the software.

To check for recent updates or to verify that you are using the most recent edition of a document, go to the following URL and sign-in or register: <https://softwaresupport.hp.com/>

Use the Search function at the top of the page to find documentation, whitepapers, and other information sources. To learn more about using the customer support site, go to: https://softwaresupport.hp.com/documents/10180/14684/HP_Software_Customer_Support_Handbook/

You will also receive updated or new editions if you subscribe to the appropriate product support service. Contact your Hewlett Packard Enterprise sales representative for details.

Support

Visit the Hewlett Packard Enterprise Software Support Online web site at <https://softwaresupport.hp.com/>

This web site provides contact information and details about the products, services, and support that HPE Software offers.

HPE Software online support provides customer self-solve capabilities. It provides a fast and efficient way to access interactive technical support tools needed to manage your business. As a valued support customer, you can benefit by using the support web site to:

- Search for knowledge documents of interest
- Submit and track support cases and enhancement requests
- Download software patches
- Manage support contracts
- Look up HPE support contacts
- Review information about available services
- Enter into discussions with other software customers

- Research and register for software training

To learn more about using the customer support site, go to:

https://softwaresupport.hp.com/documents/10180/14684/HP_Software_Customer_Support_Handbook/

HP Propel Software Setup

This document provides an overview of the setup requirements for HP Propel version 2.10. The HP Propel software package contains the following components in one virtual machine. The HP Propel Launchpad provides access to the following HP Propel applications:

- Shopping
- Subscriptions
- Knowledge Management
- Request Support
- Catalogs, including the Catalog Items application and the Categories application
- Policies
- Catalog Connect (Aggregation)
- Suppliers
- Identity Management (HP IdM)
- HP Propel Service Exchange (Content Management)
- Diagnostics

HP Propel Documentation

HP software product documentation can be found at <https://softwaresupport.hp.com/group/softwaresupport>.

You need to sign-in or register to use this site. Use the **Search** function at the top of the page to find documentation, whitepapers, and other information sources. To learn more about using the customer support site, go to:

https://softwaresupport.hp.com/documents/10180/14684/HP_Software_Customer_Support_Handbook/

For more information or to track updates for all HP Propel documentation, refer to the *HP Propel Documentation List*.

To help us improve our documents, please send feedback to Propel_IE@hpe.com.

VMware ESX Server System Requirements for HP Propel

HP Propel is supported on VMware ESX Server 5.

A virtual machine is deployed into your VMware ESX server environment after HP Propel is installed.

Table 1 VMware ESX Server Hardware Requirements for HP

	MINIMUM	RECOMMENDED
CPU	4 CPU, 3.0 GHz	8 CPU, 3.0 GHz
RAM	8 GB	16 GB
Hard Drive	160 GB	320 GB

HP Propel Software Coexistence Statement

HP Propel executes as a collection of micro services running in Node.js, Jetty, and JBoss containers. HP Propel is supported on a virtual server.

Table 2 HP Propel Coexistence Support

HP Propel (non-FIPS mode)	HP Propel is supported when running concurrently with other software products on the same virtual machine.
HP Propel (FIPS mode)	When configured in a FIPS compliant mode, the JBoss application server must be dedicated to HP Propel and the JRE instance referenced by HP Propel must be exclusively dedicated.

HP Propel Supported Platforms

Table 3 HP Propel Supported Platforms

	PRODUCT	VERSION SUPPORTED ¹
Operating System	CentOS™ ²	7.1
End-Point Systems for Integration³	HP Service Manager (SM)	9.32 App ⁴ or higher, 9.40
	HP Cloud Service Automation (CSA)	4.1x, 4.2x, 4.5
	HP Service Anywhere (SAW)	December-2015*
	HP Operations Orchestration	10.20
Database⁵	PostgresSql	9.4.4
Middleware⁵	Jetty	9.07, 9.2.1, 9.2.9, 9.2.10
	Java	java-1.8.0-openjdk-1.8.0.51-1.b16.el7_1.x86_64
Additional Components⁵	RabbitMQ	3.5.1
	HP Operations Orchestration ⁶	10.20
	HP IDOL	10.9.0
	NodeJS	4.2.3
	Ganglia	3.7

1 – Supported indicates the specific software version used for solution testing by HP Propel.

2 – CentOS™ is a trademark of The CentOS Project.

3 – Additional integrations are available on the HP Propel HPLN marketplace site. (See [For More Information.](#))

4 – Incident Task Case Exchange use cases require HP SM 9.32 App or higher.

5 – Included in the HP Propel virtual machine.

6 – HP Operations Orchestration can only be used with HP Propel.

* HP Propel Service Exchange delivers a powerful point-to-multipoint integration framework that connects multiple end-point systems (both HP and 3rd-party). HP delivers reference implementations (Content) for certain end-point systems described in this support matrix. Some Content is developed against SaaS systems and HP validates that the Content works at the particular point in time and for that particular installation configuration. Consultation with HP Professional Services Organization (HP PSO) may be necessary to update or customize these integrations in specific customer installations.

HP Propel IPv6 Support

Hewlett-Packard Software is committed to providing support of the network Internet Protocol version 6 (IPv6) for our enterprise software products and solutions. HP Propel supports installation on hosts implementing dual-stack (IPv4/IPv6) transport.

Table 4 HP Propel Network Transport Support

HP Propel	HP Propel is supported for installation on the platforms listed below when configured for dual IPv4/IPv6 transport. HP Propel can communicate over both IPv4 and IPv6 transport. See HP Propel Supported Platforms .
-----------	--

Browser Support

HP PROPEL: SUPPORTED BROWSERS

Microsoft® Internet Explorer 10 or higher (Compatibility Mode not supported)

Windows 10: current Microsoft Edge and IE 11

Google Chrome 46 or higher

Mozilla Firefox ESR 38 or higher

Mozilla Firefox 42 or higher

Screen Resolution

The following screen resolutions are recommended for HP Propel:

- HP Propel Portal: minimum screen resolution of 1024x768 (**Recommended:** 1280x1024).
- HP Propel Management console: minimum screen resolution of 1280x1024.

HP Propel has a responsive user interface that works with mobile devices and tablets.

Downloading HP Propel

1. Go to <https://softwaresupport.hp.com>.
2. Log in with your HP Passport credentials. The HP Propel 2.10 product will be available per your Support Agreement ID (SAID).
3. Download the HP Propel 2.10 product files.

Note

- Set HP recommends a high-speed Internet connection because the HP Propel installation files are approximately 7.3 GB in size.

For More Information

For more information about HP Propel, visit <http://www.hpe.com/software/propel>.

The *HP Propel Installation and Configuration Guide* and other HP software product manuals and documentation can be found at <https://softwaresupport.hp.com/group/softwaresupport>. For HP Propel documentation, specify the “hp propel” product in your search criteria. (You will need an HP Passport account to sign in and gain access.)

For additional HP Propel content and integrations, visit <https://hpln.hpe.com/group/service-broker>.
