HP Propel 2.10 Licensing Overview

HP Propel uses these license types:

- Instant-on licensing – implemented when installing HP Propel and limited to 60 days.
- Permanent – either unlimited or limited duration.

When users log into HP Propel, a licensing status banner appears in the following situations:

- The license is due to expire.
- The license has expired.

The banner information is updated:

- When the HP Propel view is refreshed.
- When logging into HP Propel.
- When navigating to a different HP Propel application.

Viewing the HP Propel 2.10 License

The HP Propel administrator can view and manage HP Propel software licenses. (Other HP Propel users can only view licensing information.)

Important

You must be logged into HP Propel as admin to manage licensing.

To view the HP Propel license:

1. Log in to the HP Propel Management Console as the admin user at:
https://<Propel_Hostname>:9000/org/Provider

Where *Propel_Hostname* is the fully qualified hostname of the HP Propel virtual machine.

2. In the HP Propel **Launchpad**, click the admin avatar  and select **License**.

The following license information is displayed in the **License Management** view:

- The name of the product.
- The version of the product.
- The type of license.
- The expiration date of the license.
- The reason the license was issued.

The license features are also displayed.
