## Documentation Updates

The title page of this document contains the following identifying information:

- Software Version number, which indicates the software version.
- Document Release Date, which changes each time the document is updated.
- Software Release Date, which indicates the release date of this version of the software.

To check for recent updates or to verify that you are using the most recent edition of a document, go to: <https://softwaresupport.hp.com/>.

This site requires that you register for an HP Passport and to sign in. To register for an HP Passport ID, click **Register** on the HP Software Support site or click **Create an Account** on the HP Passport login page.

You will also receive updated or new editions if you subscribe to the appropriate product support service. Contact your HPE sales representative for details.

The following table indicates changes made to this document since the last released edition.

## Support

Visit the HP Software Support site at: <https://softwaresupport.hp.com>.

This website provides contact information and details about the products, services, and support that HP Software offers.

HP Software online support provides customer self-solve capabilities. It provides a fast and efficient way to access interactive technical support tools needed to manage your business. As a valued support customer, you can benefit by using the support website to:

- Search for knowledge documents of interest
- Submit and track support cases and enhancement requests
- Download software patches
- Manage support contracts
- Look up HP support contacts
- Review information about available services
- Enter into discussions with other software customers
- Research and register for software training

Most of the support areas require that you register as an HP Passport user and to sign in. Many also require a support contract. To register for an HP Passport ID, click **Register** on the HP Support site or click **Create an Account** on the HP Passport login page.

To find more information about access levels, go to: <https://softwaresupport.hp.com/web/softwaresupport/access-levels>.

**HP Software Solutions Now** accesses the HPSW Solution and Integration Portal website. This site enables you to explore HP Product Solutions to meet your business needs, includes a full list of Integrations between HP Products, as well as a listing of ITIL Processes. The URL for this website is <http://h20230.www2.hp.com/sc/solutions/index.jsp>.

# Chapter 1: Overview of Operational Reporting Content Pack 3.0 for PPM Center

This document provides an overview of the changes made to Operational Reporting for HP Project and Portfolio Management Center (PPM Center) Content Pack 3.0 (CP 3.0). It contains important information not included in the manuals. This section contains general notes on system requirements and installation.

The remaining sections of this document provide information about the changes introduced in CP 3.0:

- ["Overview of Operational Reporting Content Pack 3.0 for PPM Center" above](#)
- ["What's New in Operational Reporting Content Pack 3.0 for PPM Center" on page 7](#)

## Protecting Your Deployment from Security Vulnerabilities

Make sure you take the necessary precautions to protect your PPM Center deployment from general security vulnerabilities, especially those related to Web server and related infrastructure vulnerabilities. Patch and configure your Web server's operating system and DNS servers to prevent malicious attacks that could put your organization and data at risk. You can take such steps as disabling unused ports or enabling SSL in your environment. Consult your Web server vendor for the latest patches to prevent harmful attacks such as cross-site scripting.

## Software and Hardware Requirements

Before you install Operational Reporting Content Pack 3.0 for PPM Center, check to make sure that your system meets the minimum requirements, as described in this section, as well as in the *System Requirements and Compatibility Matrix* for version 9.32.

**Note:** If there are any discrepancies between the information in this section and the *System Requirements and Compatibility Matrix*, the information in this section shall prevail.

The System Requirements and Compatibility Matrix is available from the HP Software Product Manuals Web site (<https://softwaresupport.hp.com/>). You must have an HP Passport account to access this Web site.

The following table describes compatibility matrix between the Operational Reporting solution and PPM Center.

Operational Reporting Solution for PPM Center Version	PPM Center Version						
	9.10	9.11	9.12-9.14	9.2X	9.30	9.31	9.32
9.10 (GA)	X						
9.12 Content Pack 1		X	X				
Content Pack 1.1			X				
Content Pack 1.2			X				
Content Pack 1.3			X	X			
Content Pack 2.0			X	X	X	X	
Content Pack 3.0			X	X	X	X	X

## Installation Notes

The Operational Reporting Content Pack 3.0 for PPM Center supports fresh installation only. Therefore, the package only contains installation bundle.

## Obtaining Installation Bundle for Content Pack 3.0

To obtain the installation bundle for Operational Reporting Content Pack 3.0 for PPM Center:

1. Go to HPE live Network page for PPM (<https://lnast01pmp.saas.hpe.com/product/project-and-portfolio-management/content>).

**Note:** To access this Web site, you must provide your SAID for PPM.

2. Select **Operational Reports Content for Project and Portfolio Management**.
3. Download **PPM Operational Reporting, Version 3.0**.
  - CP3.0\_Refresh\_Install\_Bundle.zip is the installation bundle for Windows.
  - CP3.0\_Refresh\_Install\_Bundle.tar.gz is the installation bundle for UNIX.

For detailed instructions about the fresh installation of Content Pack 3.0, see the *Operational Reporting Administrator's Guide* for Content Pack 3.0.

## Chapter 2: What's New in Operational Reporting Content Pack 3.0 for PPM Center

- Operational Reporting Content Pack 3.0 supports Oracle 12c Container Database (CDB) and Pluggable Database (PDB).

# Send Documentation Feedback

If you have comments about this document, you can [contact the documentation team](#) by email. If an email client is configured on this system, click the link above and an email window opens with the following information in the subject line:

**Feedback on Operational Reporting for PPM Center Release Notes (Project and Portfolio Management Center Content Pack 3.0)**

Just add your feedback to the email and click send.

If no email client is available, copy the information above to a new message in a web mail client, and send your feedback to your `_IE_team_PDL@hpe.com`.

We appreciate your feedback!
