Question:	Why is HPE discontinuing these products?
Answer:	This is in accordance with the HPE CMS Software Support policy. Some support timeframes have been shortened due to the upcoming end of support for the required third-party products.
Question:	Which AP4SaaS product versions are discontinued and when?

Product Questions

Answer:	Version	GA date	End Of Sale	End Of Support
	AP4SaaS 2.2 (discontinuance announced earlier)	30.08.2013	1-Feb-2016	31-Jan-2018
	AP4SaaS 3.0.1	18-03-2014	1-Jun- 2017	30-June -2019

Question: What versions of AP4SaaS are currently available? Answer: Currently available products include AP4SaaS 3.1 and AP4SaaS 4.0 Question: What benefits does the new release of our product provide? Answer: HPE AP4SaaS 3.1 brought additional new features and improvements, especially related to the ability to easily onboard 3rd Party SaaS services onto the Marketplace powered by AP4SaaS. HPE released the 4.0 version of AP4SaaS, carried many new features (like Payments Management) and compelling performance improvements Question: Whom can I contact if I have more questions with regards to this product discontinuance? Answer: Please contact your Local CMS Sales representative. Question: Where can I find migration information for AP4SaaS? Answer: Your local HPE CMS sales representative can help you get this information. Question: I plan to migrate my HPE Product environment using in-house technical resources. Where do I get all the required software? Answer: You can request the HPE media or E-media by contacting your local HPE CMS sales representative Question: I received this communication but I have already migrated my solution. Do I need to do anything? Answer: No, nothing more.

Product Questions

Question:	Can I extend my support if needed?	
Answer:	Support extensions can be proposed under specific conditions, please contact your local CMS sales representative.	
Question:	What are my discontinuance options?	
Answer:	Customers are encouraged to contact their local HPE CMS sales representative for help in determining migration options that meet their business needs. Beyond these dates and under certain conditions, Extended Support can also be purchased.	
Question:	Should there be a defect with a version of AP4SaaS for which no defect fixing is done anymore, can I pay for a fix to be implemented on my request?	
Answer:	HPE may choose to offer defect fixes at a premium price, depending on available resources.	
Question:	If I am on a support contract, what will I be entitled to?	
Answer:	You should have received a notification from your local HPE CMS sales and support representatives who can help provide information and assistance to enable your upgrade to be easy and successful.	
Question:	What migration services are available to help me migrate?	
Answer:	HPE CMS Solution Services can provide migration assistance as a services engagement. In addition, the product provides documentation for the migration process.
