

# Operations Bridge Suite 2018.02

**Released in March 2018**

---

Operations Bridge Suite helps transform your IT organization from a cost function to a value creator by simplifying and automating IT operations.

With the ability to display business and IT data in rich visualizations, the Operations Bridge Suite enables you to see through the glare of all your data via a single pane of glass. Work smarter and faster with embedded analytics, simple discovery and monitoring of your environment, and automated remediation of problems. Valuable IT personnel are free to focus on the problems that matter, maximizing organizational agility and driving business value. Colorful dashboards give you a powerful way to communicate information about how the business is performing in a format that stakeholders can exploit. The result is a strong foundation to support your IT organization on its quest to become a more strategic business partner.
