Get.It! Base 1.3.1 Release Notes

Welcome to Peregrine Systems' Get.It! Base version 1.3.1.

This release includes the new Get.It! Base product. A description of the product is included in these notes.

The media shipped with this release comprise a complete installation of the product. Refer to the packing list included with your shipment for a description of the media.

What's in these Release Notes

These release notes include:

- Product description (see page 1).
- Notes on related documentation and the compatibility matrix (see page 2).
- Considerations for installing and upgrading to this release (see page 2).
- Contact details for further assistance (see page 3).

Product Description

The Get.It! Base product is comprised of the Archway servlet engine without any packaged weblications. This engine provides an HTTP-based interface to Peregrine's product line, including ServiceCenter and AssetCenter, and access to other databases using the JDBC adapter.

Get.It! Base includes:

- Adapters: ServiceCenter, AssetCenter, JDBC, LDAP, and e-mail.
- Get.It! run-time environment, including JRun.
- A login screen and portal.
- AssetCenter weblication templates for creating pages that will access data about Assets, IMAC, Work Orders, Employees, Budgets, and Contracts.

Common forms and files are included within the `... \apps\common\` directory. This common package includes the following.

- Admin
- Common lookup
- Form components
- Schema files

Considerations for Installing and Upgrading to this Release

XSL Files

If you modify the XSL files that come with this release, you may have difficulties upgrading to version 2.0. We recommend you do not modify the XSL until you receive version 2.0.

Related Documentation

The complete set of manuals for Get.It! Base 1.3.1 includes documents for installation and administration, and tailoring.

Documentation Web Site

For a complete listing of the current Get.It! Base documentation, see the Documentation pages on the Peregrine Systems, Inc. Customer Support web site at:

<http://support.peregrine.com>

You will need the current login and password to access this Web page.

For copies of the manuals, you can download PDF files of the documentation using Adobe Acrobat Reader (also available on the Web site). Additionally, you can order printed copies of the documentation through your Peregrine Sales Representative.

Compatibility Matrix

A compatibility matrix, identifying the hardware and software requirements for installing this release, is also available via the Customer Support Web site at

<http://support.peregrine.com>

The matrix lists those platforms on which Get.It! Base can be installed.

Peregrine recommends that you check the Web sites of the suppliers of the platforms in use at your site to verify that they are still supported. Peregrine does not support platforms that are no longer supported by the vendor.
